

1908 — FIFTY-NINTH YEAR — 19

[illegible]

attended a three day convention for the Federal Grain Ltd., which was held at the Château Laurier in Edmonton.

Mr Nyhl was presented with a twenty year pin and Mr Kent with a 10 year pin.

Mr Kent was lucky enough to have his ticket drawn by Mr Lyle Johnsen, Vice President and General Manager for Federal Grain, and was a Shell Tour.

Mr George Bell and Mr Stewart H. Smith were also present to attend the banquet on Tuesday evening. They are now owners of Federal Grain.

The meeting was opened by Randy Van Koughnet, president of the Tour. The roll call lists were taken. Two members were present.

Mr Nyhl presented and adopted. The treasurer's report was given and adopted.

We are going to picnic this month, please make a small donation, \$2.00, to earn money for the group. We're getting more snow-moving stuff.

We're going to invite another group to our next meeting on March 6, 1984, and are showing films afterwards.

There were reports given by Mr. Markedown, Mr. Gertsen, Mr. Perre. There were impromptu talks by Mr. Matthews, Brian Chave and Mr. Thomas.

There is to be a curling bonspiel in Killarney for 44 clubs and the curling club will be invited.

Ken Kirkbride, Aljander meeting and Lorne Addelman ended it.

There was a lot of lunch and went to the meeting.

All members bring back to the meeting.

The next meeting is on March 13, 1984.

[illegible]

In a telephone conversation with Mr. Cliff Smallwood, M.P. for Battle River, the Community Press learned that Federal Government payments for grain will be made next month.

According to Mr. Smallwood, who had been in conversation with the Hon. Mr. Winters, payments for Oats and Barley will be made on or about the 1st of March, while the payment for Wheat will be coming through at the end of March.

His voice, a bit husky and obviously nursing an Eastern dose of the Flu, Cliff asked about the local hockey situation with regard to the Battle River League. When asked about the upcoming Liberal Leadership convention and the race for

The monthly meeting of the Killam 4-H Beef Club was held on February 5th.

A trip to the Edmonton Stock Show was discussed.

The curling rink for February 10th was drawn up.

On the 9th the Sedgewick 4-H Beef Club came down for a pleasurable evening in the gym.

Gordon Rancier joined the Pilot Projects Branch of the Department of Manpower and Immigration in 1961. Mr Rancier was born in Killam, Alberta, and received his elementary education at a typical "little red school house" in his home town. He attended high school in his home school in Alberta, the Provincial Institute of Technology in Calgary, and received his B.A. and M.Ed. from the University of Alberta. He was a member of the Young Liberals in his home town of Killam, Alberta.

The February meeting of the Loughheed W.V. was held in the Legion Hall with 14 members and seven visitors present.

W. W. W. Frost was in the chair and opened the meeting with repeating the Creed and singing the hymns.

It was reported that the Tailoring Course is progressing very well with 12 students taking the course.

It was with thank the Loughheed #1 Sewing Club for their donation to go toward new daises for the Legion.

Organizations came to make a donation.

"Did You Know?" She also introduced a cartoon, which was won by Mrs. S. Deshaun. The basket prize was won by Mrs. T. Tilden.

There were 100 drawings for the W. W. W. Patterson volunteered to canvas for the Red Cross.

There are named to have Mrs. W. Patterson as a new member.

Mrs. H. Probst and Mrs. O. Probst.

The next meeting is to be held in the Legion Hall on March 13th next at 8 o'clock.

All ladies are invited to attend. All ladies are invited to attend.

We are sending a donation to the Northern Canada Women's Institute.

Mrs G. Marlow was appointed delegate to the District III Conference to be held in Red Deer on March 7 and 8.

The call was answered by giving an item of interest from the Canadian Consumers magazine.

The program on Home Economics was given by Mrs W. W. Frost.

The second game of the Provincial "B" Bantam Playdowns will be played at Sedgewick on Friday, February 23rd, with Ponoka as the visiting team. The game will commence at 8:15 at the Rec Centre.

In the first game at Ponoka last Sunday the local team lost to the visiting team. The "B" team's record now stands at 1-2-1. Friday's match will be a key one for the local team.

The Selfish West!

As 1967 economic scores the recorded, Western nations are again counting their gains. The developed world has done well. United Nations officials estimate that the total gross national product of all developed nations increases by about \$150 billion annually.

The West has done well in other spheres, too, in a way that makes it difficult for the less developed nations to compete. Western nations have to open their doors to a select number of Asians, Africans, West Indians and other colored migrants.

The kindly white man, no we are told, is ready to share his wealth with less fortunate humans. But is this true? In Canada, then to accept only those colored migrants most likely to be accepted, although it is understood that the view of each country's own national self-interest, the brain drain from developed countries into the West is a global crime.

Countries like Canada should accept an increasing number of semi-skilled and semi-unskilled immigrants from Asia and Africa and the Caribbean basins. We should take in the young people vainly seeking a better life away from their cramped homelands.

In Hong Kong, for example, about 40 per cent of the population of 4,000,000 are children under 14 years of age. As they reach adulthood, they will be a heavy drain on the country's resources. Canada, then to accept only those colored migrants most likely to be accepted, although it is understood that the view of each country's own national self-interest, the brain drain from developed countries into the West is a global crime.

Pakistani and Indian doctors, people with money from Singapore, Hong Kong and Formosa, and West Indian doctors, dentists, architects and technicians — these are the migrants most likely to be accepted, although it is understood that the view of each country's own national self-interest, the brain drain from developed countries into the West is a global crime.

"O Say Can You See"

Add to the many problems that beset Canadians the view of people who know how to sit down at the piano and play. In an emergency there always used to be someone in the audience who had a rudimentary acquaintance with The Queen, but now, always harried chairmen have to be called in to play the piano before they can make definite arrangements with someone who can and bring the music to a close.

When the committee of Parliament discussing antenatal care decided on the words, it might go one step further and produce an easy-to-play version, short of a piano, for the audience when played by someone who is helping out and who plays with a minimum of musical skill.

One Canadian symphony orchestra has already decided to omit all antenatal playing at the beginning of concerts because of cost and destruction of mood. But that is another subject.

No Pushing!

When a person is paroled or when he completes his sentence and goes free, presumably all concerned wish him well, hope that he will be able to rehabilitate himself and never again fall into the clutches of the law.

Recently a convicted bank robber was set at liberty in a new community thousands of miles away from his former colleagues, and in a new line of work. This was duly reported with considerable fanfare on the TV networks, with pictures.

No purpose would be served by the publicity. Rehabilitation is a long, easy. There should be no pushing.

Best By Date!

The Bureau of Advertising conducted a survey in four cities two days after a newspaper supplement was distributed among a new market. The question asked was: "Seen or heard any bad news in the new 1968 year?"

Of those who saw the motor car company's sponsored TV shows and also read the page with the insert, 38 per cent spontaneously mentioned the car.

When they saw the motor car company's sponsored TV shows and also read the page with the insert, 38 per cent spontaneously mentioned the car.

ABOUT MOST ANYTHING

By A. W. E. K.

Physical fitness in the average Canadian is a regrettable source of pride. But pride may well be taken in the manner in which Canadians who represent their country at the world summit of international competition.

"But," wrote historian Henry Hudson in his book, "Canadianism," "Canada's own often refers to glorification of their own achievement. Our success has been far greater than theirs."

Canada's Olympic success has been a source of pride for a minority of dedicated people. Such was Elmer Dementieff. In 1960, Dementieff was refused entry by the Montreal police department for last one of the Olympic Games at St. Louis. Although he was not a Canadian, he travelled alone to St. Louis where he was a gold medalist in the 1952 Summer Olympics. He was the first Canadian to win a gold medal in the 1952 Summer Olympics.

In the 1952 Summer Olympics, Dementieff was the first Canadian to win a gold medal in the 1952 Summer Olympics. He was the first Canadian to win a gold medal in the 1952 Summer Olympics.

F.U.A. Wants Farm Loans

Alternatives suggested by the A. president include an increase in cash advances on grain to a maximum of \$500; lower the terms of the Federal Government's grain loans; farmers can obtain cash advances up to a maximum \$3000; and Mr Rabey says is insufficient to meet everyday needs and costs of spring farm operations. Mr Rabey said much of the present problem could have been avoided if governments had established

Bob Simpson M.L.A. to

Bob Simpson, M.L.A., Speaks at Killam, March 14

Mr. Bob Simpson, M.L.A. for Calgary N.W., will be the speaker at a public meeting to be held in the Legislature Building at 10:00 a.m. on Thursday, March 14th at 10 a.m. Mr. Simpson commented, "Bureaucracy" has also been in charge of public opinion since the Middle East in recent years, and is well equipped to handle any crisis that that part of the country. Mr. and Mrs. Simpson are former residents of this area.

Eight delegates from the area attended the Annual Meeting of the Selkirk-Carleton Association Credit Union at the Selkirk Hotel. The following officers were elected: President, John Philpotts of Dryden; 2nd Vice-President, Mr. E. J. B. Johnson of Alliance; 3rd Vice-President, Mrs. Janicean of Carleton; and Mr. J. B. Johnson of Selkirk. Reports were given from the Ladies and Men's Committees, will be the Youth Group.

ward the Main Street of Sedgewick in the early days of March. It appears to be something lacking in the town for this time of year. The thick it snow. In the past years at this time there is generally a large quantity of snow on the ground, but now it seems to be a fair quantity, all the snow has disappeared, and it looks like it is for another year.

Killam Cub-Scout Committee Meets

The regular monthly meeting of the Killam Cub and Scout Group Committee was held at the home of Vera Nickman on February 27.

Before the start of the meeting Vera Nickman, on behalf of the Killam Cub and Scout Group Committee, leaders and presented Bob McCreary Vice

at 8:30 p.m. with 11 persons present.

Robert and his family were transferred to Wainwright Hall, where they will be greatly assisted in their needs.

Funeral reports were made by the Scout West division, the church service, the father and his wife, and an ice cream social at Moore Lake.

A vote of thanks was taken by the Bill Peaks of Alliance for supplying the bus for transporting the team on the way finding it to anyone else who participated in the event.

Ten new registrations of were received.

The Cub Master, Marjorie, gave a report of the Cubs' work. The Cubs were taken evening out. Bobbette was by parents and friends. The group given rides and dancing evening with a winner result.

The next Group Committee will be held at the Allen Peaks on March 13th.

FARM BRAIN DRAIN!

One of the real realities facing so many families is — you can't keep them happy down on the farm.

Most children will have to go to the city to find their place in life — even though they might prefer the farm life. Unfortunately, too many parents have never taught their children to farm without putting up much of a battle.

It is true that automation, improved production techniques and high operation costs have lured farmers to cultivate farmlands (cutting down the number of small farms). Never before has the farmer needed to be so multi-talented — businessman, electrician, carpenter, mechanic, able to read and digest technical manuals as well as thoroughly grounded on crop and feeding techniques. The farmer of the future will need the help of his young people who have grown up in a rural environment. Their built-in understanding makes them useful in farm-related fields. Youngsters

who graduate in other fields such as medicine, home economics, social work and nursing are being lured away from the farm back to the farm communities to make their contribution.

Provincial departments of agriculture are crying out for agricultural technicians, agronomists, engineers and accountants. Private industry in the farm marketing, distribution and machinery fields also needs more bright young farm people.

To let the young people know what opportunities are open there must be a constant flow of information about agricultural college professional and short courses available — with publicity about the scholarship and bursary assistance. The job of rural municipalities and taxpayers will have to face up to the necessity of paying for the education of these professionals back into rural communities.

THE GOLDEN ERA!

With grim certainty, 1968 will bring with it more nuclear war, the atomization of China, and below ground in the United States and in the Soviet Union. The tragedy of man is that he still expects to make much energy on perfecting means of destruction.

But it would be unjust for the critics of the nuclear powers to stop there. Advances also being made in the peaceful uses of atomic energy. Some atoms are being used for peace, and some may well enter the new golden era for mankind, where human beings will no longer be plagued by hunger, disease, poverty and filth.

Lately the atomic energy agencies of various nations have unveiled untold uses for nuclear energy. In the agricultural field, time will be used to create vast underground storage areas for food, fresh water and perhaps even oil.

The atom correctly used, will build an entirely new world. Controlled blasts will create new harbors, bring valuable ore with

in easier reach, help to build canals and man-made lakes. Perhaps the atom's real contribution will be to turn deserts into breadfields by bringing distilled, desalinated water to irrigate vast new areas. The use of the atom in medicine is growing each year.

Man's ingenuity is bounded only by his folly. If we use what the earth has to offer in a positive fashion, it may well be in the time certain foods are being produced in a post-positive fashion. If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air.

If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air. If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air.

If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air. If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air.

HAZARDS OF NIGHT DRIVING!

There is a rather popular belief that flat tires and blowouts are the cause of many car accidents, yet an intensive survey shows that only 0.9 - 2.4 percent of accidents are thus caused. Far more hazardous than tires, is night driving, and with the advent of spring, the road conditions are improving, night driving being done. This means an increase in traffic, speeds, and incidence of night-time driving. Darkness is so hazardous that more than half of the people killed in traffic accidents each year die at night. One of the main reasons for this is the fact that drivers' eyes are not used to the dark. Light must reflect light. That light must reach your eyes. But that light is not the only problem.

Many drivers impair their vision, at least temporarily by bad habits, neglect of their cars and abuse of their physical condition. Here are a few of the

enemies of night vision: Heavy smoking, which can temporarily cut you in 10 percent of your vision; fatigue, which reduces the oxygen supply to your eyes and cuts down their efficiency; and poor headlights, which cause small amounts in as bad for vision as alcohol; effects of age — which reduce the ability of the eye to focus on objects.

Small amounts in as bad for vision as alcohol; effects of age — which reduce the ability of the eye to focus on objects. Small amounts in as bad for vision as alcohol; effects of age — which reduce the ability of the eye to focus on objects.

ABOUT MOST ANYTHING

— by A. W. R. —

It's been quite a while since the last column under this heading appeared, and a lot of things have happened during that time of national and international importance. The big one of course was the announcement by President Johnson that he will not be a candidate in the next election. This may affect the so-called war in Viet Nam, but outside of that is a pretty demanding issue which our friends down here have a habit of getting themselves in, in one way or another.

The event most noted in the news was the election of Pierre Trudeau as Liberal leader and Prime Minister of Canada. Trudeau comes over this new age — a new age of change. As far as it is concerned, it is too early to be making any prediction as to the meaning of this in the future of this country as a result, but the thing is certain. People are fed up with old ideas. They want a new approach to the problems of the world. Trudeau is at least refreshing, and I have the conviction that he will proceed fairly well in the future with the people and the world will be it. He is in a racing time which will help our people to get on with it.

The third event of the past few weeks was the tragic shooting of Martin Luther King. It was a tragedy of man in a positive fashion, it may well be in the time certain foods are being produced in a post-positive fashion. If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air.

If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air. If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air.

If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air. If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air.

If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air. If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air.

If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air. If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air.

If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air. If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air.

If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air. If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air.

If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air. If we wish, we can do away with our filthy, smog-laden cities. By using the atom, we can do away with the pollution of the air.

* MAC'DUFF REPORT

Pierre Takes Over!

OTTAWA — So many things happened in so many political careers in the space of a few hours for the week-end, perhaps that it is difficult to recall what was going on. But it is difficult to recall what was going on.

On the strength of 38 ballots cast for Pierre Elliott Trudeau in the election of April 16, 1968, he has become the 15th Prime Minister of Canada. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents. He is a man of many talents, and he is a man of many talents.

Sedgewick News

Miss Viki Whitehead and Miss Dorothy Quill, both of Edmonton, were guests at the wedding of Mr. and Mrs. Gordon Taylor. The bride and groom were accompanied by their families. The ceremony was held at the St. James' Anglican Church. The bride wore a white gown and the groom wore a tuxedo. The reception was held at the home of the bride's parents.

Memorials

Mr. and Mrs. M. J. Gately moved to Nelson on Saturday to meet Mr. and Mrs. Dale Edwards of Days Creek. The Gatelys are now in the Nelson area.

Mr. Raymond Reid and two children, Mrs. Reid, were in the hospital. Mr. Reid is recovering from surgery.

Mr. and Mrs. Richard Kelly of Edmonton were guests at the home of Mr. and Mrs. Gordon Taylor.

George Kennedy spent Easter week visiting his uncle and aunt. Mr. and Mrs. Kennedy are from Calgary.

Established on July 16th, Nineteen Hundred and Eight

NATIONAL CHILD SAFETY DAY!

The year-round safety of children is the objective of a national child safety day observed on the first Sunday in May each year. This one-day awareness campaign is provided annually by the National Safety Council of Canada by the National Safety Council of Canada and the Canadian Red Cross Society. The clergy of all faiths together with national and provincial associations of organizations and the news media are being asked to take a prominent part in directing attention to the high, neglected incidence of accidents among children and encourage every possible measure for the reduction of this needless loss of life and injury.

In Canada each year, more than 2,000 children under age fifteen die from accidents and around half a million are injured. Most of these accidents could have been prevented and should never have happened. A national campaign of child fatalities has been prepared and, although it is not complete, it shows many preventable causes.

The population of Canada is younger than most people think. One out of every three people is under 15 years of age.

PROSPERITY BRINGS ITS OWN PROBLEMS!

In every generation problems plague us. We are discovering "prosperity" brings its own problems as well as depression did 30 years ago.

Consider the cushions that surround the young adult today. He has a five-day week, guaranteed holidays, a pot of money, and his housewife is protected against hospital bills and it will soon be free of heavy taxes. He has a housewife who is the family allowance, and should be laid off, there is unemployment insurance to tide him over until he can find another job.

Consider for several years now, have been talking about a guaranteed income for everyone who will keep factory wheels turning steadily, and politicians like Hon. Joe Green believe it will soon actually come to pass. "Utopia? Not quite!"

Ease can corrupt as surely as deprivation. Just as no one

ELECTION WHEELS ARE TURNING!

While an early election call was not entirely unexpected in view of the present circumstances, most electors had anticipated that the call would come for the early fall of this year. Prime Minister Trudeau, in calling for a free election to be held in the fall, is responding to a great extent on his present popularity to carry him to victory, and it is only fair to say that he is a politician who is certainly true in our political system, and is certainly nothing that should bring condemnation from the people in power in fact on the head of State. In fact all politicians are opportunists.

The thing that seems most obvious about this election is that so much will be fought on personalities, something which the people have become so accustomed to as to almost make them disgusted with everything political. The issue this time will, we believe be fought on issues.

Payment of postage guaranteed by Special Class Mail by Post Office Order, Cheque, and Payment of Cash.

ABOUT MOST ANYTHING

Nothing will be more to join the

admission, or even the pledge, but we find that the age of fifteen is a particularly sorry source of the Queen's Highway. A small number of the Traffic Injury Research Board, a major part of our great national research.

The appalling toll of our youth taken annually by accidents should be of great concern to all Canadians. More children die in traffic accidents than in any other cause of death.

Accidents do not just happen. A set of circumstances, a little foresight, could have been avoided, all too often costs a child's life or results in the loss of a limb.

Today's children live in an increasingly complex world. An important part of their education is learning how to live safely.

Most of these accidents could have been prevented and should never have happened. A national campaign of child fatalities has been prepared and, although it is not complete, it shows many preventable causes.

County Meeting

(Continued from front page)

The secretary advised the meeting that Mr. Don Mills, representative of the M.D. of Watrous, No. 6, and chairman of the East Central Rural Study Group, had telephoned and requested that a meeting of the committee be called for Wednesday, June 13, at P. H. Hays and Councilor G. Mathers, former members of the council, be requested to the committee as council's representatives.

The council were advised that the Highway Traffic Board had increased the gravel land rates to be paid for work done on main and secondary highways, effective April 1, 1968 by notice published in the April 11, 1968 issue of the Alberta Gazette.

The yard sale rate in effect is now 20 cents basic leading factor, plus 4.8c per yard sale.

The 1967 ten mile rate had been the basic leading factor, plus 4.8c per yard sale. The same rate had been at the basic leading factor plus 4.8c per yard sale. The leading rate had also been increased by .01 c per yard or ten for one mile to .48c per yard or ten for one mile.

A 2.5 mile lead

It was noted that the council advised the government rates as the rates for the county for gravel hauling.

A letter from Aberdeen, Greaves, Hodgson, architects for the new office building in Killam during 1967 indicated that the Dept. of Agriculture, with the office being made available to the office on the area would be \$10.37 payable monthly in advance for a period of 36 months.

It was noted that the Dept. of Public Works had advised that the new building offered for the office provided was acceptable to the council.

A revised plan of subdivision for NW 36-20-10 and Lot A in the NE 36-20-10 W4M received from the Provincial Planning Director, was considered.

It was moved that the revised plan of subdivision be approved. An Agreement and Zoning Cancellation prepared by the Provincial Planning Director providing for a 30 foot service road parallel and adjacent to the access road into the subdivision from Highway No. 15, out of the proposed subdivision to the NW 36-20-10 W4M was reviewed by the council.

It was noted that the Agreement and Cancellation be accepted and that the secretary be authorized to sign the agreement on behalf of the Council of the County of Plagiat No. 15.

agreement on behalf of the Council of Plagiat No. 15.

A copy of a letter from Jubilee Insurance Agencies Limited to Canadian Utilities Ltd. advised the council that the insurance company had paid the claim to the utilities in the amount of \$145 for damage done to the power pole by the road construction crew during the 1967 road construction program.

The correspondence was referred to the council.

The account of Canadian Utilities Limited in the amount of \$100.00, covering the resurfacing of miles 22 and 23-25 W4M in 1967 was presented and it was moved that the account be approved for payment.

Correspondence received from the Alberta Association of Municipal Districts and Counties with respect to motion passed by the association at its spring meeting dealing with delinquent accounts and with regard to damage claims in connection with Alberta's Telephone buried cable was read and ordered filed.

John No. 11 being a bylaw of the County of Plagiat No. 15 for the purpose of designating intersections at which vehicles are required to stop or yield right-of-way signs, was presented by the council.

It was noted that the Agreement and Cancellation be accepted and that the secretary be authorized to sign the agreement on behalf of the Council of the County of Plagiat No. 15.

Scheeler-Gartner Rites Held At Daysland

A lovely spring wedding took place in Our Lady of the Prairie Roman Catholic Church, Daysland on Saturday, May 10, when Marie Scheeler, daughter of Mr. and Mrs. Wendell Gartner was united in marriage to Andrew Francis Scheeler, son of Mr. and Mrs. Cecil Scheeler of Brooks. Father Edith read the Nuptial Mass.

The bride, given in marriage by her father, looked lovely in a flame tulle gown of apocryphal origin. The full skirt was gathered in a bubble back with a large bow and a lace veil was worn. The groom wore a tuxedo with a white shirt and a white bow tie.

The reception for 140 guests was served in the parish hall by Mrs. Edith Scheeler, sister of the bride. The bride and groom were accompanied by the bridesmaids, Mary Ann Scheeler and Margaret Scheeler, and the groomsmen, Robert Scheeler and Robert Scheeler. The bride and groom were accompanied by the bridesmaids, Mary Ann Scheeler and Margaret Scheeler, and the groomsmen, Robert Scheeler and Robert Scheeler.

Approximately 300 guests gathered at the community center for refreshments and dancing in the evening with music supplied by Doug Gartner's Orchestra.

Theresa Scheeler was in charge of the post lunch.

Kueber-Grant Wedding

At St. Joseph's Church

St. Joseph's Church. The wedding ceremony of Kueber-Grant was held at St. Joseph's Church on May 29.

The bride, Mrs. Kueber-Grant, is seen with her father, Mr. Kueber, and the groom, Mr. Grant, at the altar.

The wedding ceremony was officiated by Rev. Fr. [Name], and the bride and groom were surrounded by family and friends.

The reception followed the ceremony at the [Location], where guests enjoyed a meal and dancing.

The bride and groom are happy to announce the birth of their first child, a son, on June 1st.

The wedding was a beautiful occasion, and the bride and groom were blessed with a large number of guests.

The bride and groom are grateful to all who attended the wedding and to those who provided the reception.

The bride and groom are looking forward to a life of happiness and love together.

The wedding was a memorable day for all involved, and the bride and groom are grateful for the love and support of their families and friends.

The bride and groom are happy to share their joy with everyone and to begin their new life together.

The wedding was a beautiful day, and the bride and groom are grateful for the love and support of their families and friends.

The bride and groom are looking forward to a life of happiness and love together.

The wedding was a memorable day for all involved, and the bride and groom are grateful for the love and support of their families and friends.

The bride and groom are happy to share their joy with everyone and to begin their new life together.

Card of Thanks

My dear Mary Ann, I am pleased to announce the marriage of my daughter, Karen Louise, to Ronald Grant, on May 29th, 1968. The wedding ceremony was held at St. Joseph's Church, and the reception was held at the [Location]. The bride and groom were surrounded by family and friends, and the wedding was a beautiful day. The bride and groom are happy to share their joy with everyone and to begin their new life together.

In Memoriam

In loving memory of my dear mother who passed away June 1st, 1967. Ever remembered and justly missed. —Bill, Alice and Ann. 5-1-67

Card of Thanks

We wish to thank all our friends for the lovely farewell gifts presented to us on leaving Hardisty. Your kindness was very much appreciated and will long be remembered. —The Mills Family. 5-2-67

Card of Thanks

I would like to thank my many friends and neighbors for the cards and gifts sent to me during my stay in hospital. Special thanks to all those who made the long trip from Hardisty to Edmonton to visit me. I appreciate it greatly. —Frieda. 5-2-67

The Bible Today!

"I pray God that the supply of Scriptures will be as sufficient during the coming crusade as it was by the help of the Lord, to reach those who do not know Jesus Christ as Saviour."

This petition was made by a missionary who had been engaged in recent months in Gospel crusades in the Indian Territory. "When people come forward to give their lives to Jesus Christ," she writes, "many of these missions and missions, we had them in prayer to receive Christ as their Saviour and then give them the Bible."

At the moment we have an international Gospel crusade in Mexico and thousands are coming to hear the word of God. We are giving out our last Gospel. The Bible is being brought with us and sold in two weeks. We estimate that more than 100,000 Bibles have been saved in the last months during our first crusade in the Bible of Indonesia.

The Bible is being brought with us and sold in two weeks. We estimate that more than 100,000 Bibles have been saved in the last months during our first crusade in the Bible of Indonesia.

Strome Hospital Auxiliary Meeting

Mrs. Henry Rowe was when members of the Strome Hospital Auxiliary met on evening, June 12th at the Hall for a delicious supper, with their husbands.

A brief business meeting ended the supper. Plans for sale being held in the gymnasium were finalized. The Arts and Crafts Fair, the Ten and Sale that has been planned by the William Auxiliary for June has been rescheduled. As members will not be present until fall, tentative plans for a cook book were discussed and also decided to raffie a horse. Beginning in October, the fair will serve lunch at meeting, with the exception of December meeting. Attendance prize was won by M. Froeber. Mrs. C. Schaefer was hostess for the October meeting.

Millions"

and a check for the sum of \$18

Jens Andreas Christenson Laid To Rest

Funeral services were held Tuesday, April 9, 1968 at 10:30 a.m. in the St. John's Lutheran Church, for Jens Andreas Christenson, who passed away at Killam Hospital, Saskatchewan, April 6th, following a year of poor health.

Born in Fauske, Norway, on November 28, 1881, he emigrated with his parents to the Sedgewick district in 1891. In 1901 he married Gladys, daughter of the late Mrs. Christenson. They formed one of the best of families in the district until 1944, when they moved to the Killam district where he spent the remainder of his life. A quiet, unassuming man, he gave much of himself to his family, his church, community and neighbors.

Left to mourn are his wife Gladys, three sons, Eric and two girls, Lyle and Ellen, and two granddaughters. Also remaining are four brothers, Carl, Johannes, Harold and Terrence, all of Sedgewick, and two sisters, Nanna (Mrs. Ole Olson) of Vancouver, B.C., and Gudrun (Mrs. Ole Christenson) of Victoria, B.C.

Funeral services were conducted by Rev. Percy Peterson. The Rites United Church sang "How Great Thou Art." The brother Oddvar Christenson conducted a short service.

Interment followed in the Killam cemetery with Terrence Christenson, Arthur Wiklund, Perter O'Reilly, Marvin Bucher, Dave Bauer and John Wiklund as pallbearers.

Memento to the late Jens Christenson.

Funeral Family, Johannes and Hilda Christenson, Ole and Gudrun Christenson, Harold and Arvid Christenson, Ole and Nanna Olson, Sylvia Christenson and Family, Carl and George Christenson, George and Bernice Leslie, Harry and Jean Day Dyke, Walter, Iris and Keith

Around The Fastball Circuit With Snoopy

Perhaps the big success story of 1968 is the formation of the team at Killam. While they have not won a game as yet, they certainly have given each of the youngsters a taste of the team life and the excitement of the team held last practices before their league opener. A story going the rounds is that at one of their first practices a big boy fell over a fence and landed on his head. The coach, who was standing by, said, "Go on home." The player went straight from the field, crossed part of a farmer's field, up on the veranda, into the house and home.

Talking with the managers, I find some contradictions with the regulations and rules of the Fastball League. One quote often mentioned is the rule which states that a player must appear in his game in a uniform. But in the playoffs, I wonder how this would affect the club manager, who says that his club was injured in his second game.

ANSWERS TO YOUR QUESTIONS ABOUT THE ALBERTA HEALTH PLAN

It is time to review your Alberta Health Plan coverage. The Plan, with its options, provides a wide range of coverage, the main features of which are outlined below.

WHAT IS BASIC HEALTH COVERAGE?
Basic Health Coverage consists of:
• Comprehensive Medical Services
• Hospital Services
• Special Dental Services
• Prescription Services and
• Outpatient Services

WHAT OTHER COVERAGE DOES THE PLAN OFFER?
IN ADDITION TO YOUR BASIC HEALTH COVERAGE YOU MAY SUBSCRIBE TO ONE OR MORE OF THE FOLLOWING:
OPTION A: Hospital Care & Ambulance Services
OPTION B: Dental & Prescription Services
OPTION C: Hospital Care & Ambulance Services
OPTION D: Dental & Prescription Services

WHO IS ELIGIBLE TO PARTICIPATE IN THE PLAN?
ALL RESIDENTS OF ALBERTA.

IS THERE ANY GROUP COVERAGE AVAILABLE?
Yes, for those who are not yet 65 years of age, there is a group health plan available. This plan is available to those who are not yet 65 years of age, and who are not yet 65 years of age.

WHAT ARE THE RATES FOR BASIC HEALTH COVERAGE?
As of July 1st, 1968, regular subscription rates will be as follows:
• Single person: \$16.00 a year
• Family of two: \$24.00 a year
• Family of three: \$32.00 a year
• Family of four: \$40.00 a year
• Family of five: \$48.00 a year
• Family of six: \$56.00 a year
• Family of seven: \$64.00 a year
• Family of eight: \$72.00 a year
• Family of nine: \$80.00 a year
• Family of ten: \$88.00 a year

HOW CAN I OBTAIN A HEALTH PLAN?
You can obtain a health plan by filling out a form and sending it to the Alberta Health Plan, 1000 - 10th Avenue, Edmonton, Alberta.

WHAT ARE THE BENEFITS OF THE ALBERTA HEALTH PLAN?
The Alberta Health Plan provides a wide range of coverage, the main features of which are outlined below.

WHAT ARE THE BENEFITS OF THE ALBERTA HEALTH PLAN?

The Fastball Circuit

Continued from page two

ing some 15 players, or enough for two teams. This proves what I have been saying all along that the boys make a pitch for the Brown franchise. And that they had of approximately 100 to 120, and are increasing.

The League however, decided that the executive felt that the boys were perhaps more interested in baseball than in the game itself. They were given the go-ahead to play the game. They were given the go-ahead to play the game. They were given the go-ahead to play the game.

The boys then returned to their homes. The boys then returned to their homes. The boys then returned to their homes.

Labatt's Pilsener beer

The great beer Westerners call 'Blue'.

Canadian Pacific's new

CUSTOMER Service CENTRE

means just that.

Service.

Our new Customer Service Centre is now open to you. It is the only place where you can get information on Freight, Merchandise Services, Air, Rail, Steamships, Hotels and Telecommunications.

With the same call you can get a Customer Service Representative to help you with your problems personally. He can assist you in many ways. For example, he can help you in selecting types of freight cars or completing bills of lading. And every assistance he offers you is backed up by a full Customer Service Centre staff experienced in all fields of transportation and telecommunications.

You can call our Customer Service Centre twenty-four hours a day, seven days a week. So next time you need fast assistance, call your long-distance telephone operator and ask for

Summer Time Is Whitewash Time

Whitewashing farm buildings is a cheap, easy way of protecting woodwork, brightening dirt interiors and killing germs and insects.

The Alberta Department of Agriculture's engineers have compiled a booklet, "Whitewash for Farms and Homes" which gives the most correct methods of application.

For high-grade work in dairies and other buildings and on yards fences they recommended adding one sack of hydrated lime to seven gallons of water. Then dilute with one pound of salt in three gallons of boiling water. When the solution has cooled, mix the two together and stir in three pounds of Portland cement. A satisfactory mix may be added.

For less exacting outside work such as fences and trees, the engineers suggest diluting 13 pounds of common salt in 7.5 gallons of water. Then dilute with one sack of hydrated lime and stir vigorously. This mixture with water makes a milky consistency. Although the booklet does not give directions on the use of materials, the addition of a long-lasting insecticide such as Fenitrothion will give a remarkable degree of fly control in barns and poultry houses.

There are a number of commercial whitewash preparations on the market which require the addition of water. Carbol and Spry are two such preparations which contain disinfectants and insecticides and are suitable for barns and other livestock buildings.

Most feed mixes and disinfectants have sprayers that can be used by farmers who want to apply white wash quickly and easily.

"Whitewash for Farms and Homes" can be obtained from district agricultural agents or the Publications Office of the Alberta Department of Agriculture, Edmonton.

With respect to Medicine I have written from what I read, that Alberta will probably apply to come back to the Battle River riding.

I am sure prepared to write back to the Battle River riding and would ask that all voters consider me.

Thank you. — Rod Knaut, Liberal Candidate for Battle River

The Letter Box

I would like to clarify the use of my residential telephone number as a contact point in Killam for the

My wife is an uneducated supporter of the Conservative Party. She is not a Canadian, she should take an interest in the forthcoming election. Therefore, she requested her help in supporting the Liberal candidate.

For my part, I am an avid and active supporter of the Conservative Party and in particular of Mr. Cliff Dewar, who has been elected as Minister of Canada. Mr. Rod Knaut, the Progressive Conservative candidate for Battle River Constituency — Dr. M. J. DeLozier, office phone 262-2821.

LETTER TO EDITOR

In reply to Mr. DeLozier's letter to the Editor in the June 10th issue of the Sedgewick Community Press, I would just like to make the following points:

1. I believe that I can best represent the farmers, ranchers and businessmen of the Constituency as I have been acting in this capacity for many of them for the past 14 years.
2. I am for one Canada, and Prime Minister Trudeau has made a clear where the Liberal Party stands on this issue. Commence with other parties.
3. The Prime Minister has spoken out clearly on all of the major issues that the Liberal Party stands on. He has spoken out clearly on the issue of the vote which would result in increased taxes. Compare that with the numerous and costly proposals of the other major parties.
4. Prime Minister Trudeau has spelled out a specific agricultural policy which I feel should benefit many of the Western farmers, and it is my opinion the best agricultural policy that has been put forth by any party.
5. With respect to Medicine I have written from what I read, that Alberta will probably apply to come back to the Battle River riding.
6. I am sure prepared to write back to the Battle River riding and would ask that all voters consider me.
- Thank you. — Rod Knaut, Liberal Candidate for Battle River

Rod Knaut

I Pledge If Elected to Work to the Best of my ability for the Battle River Riding

Around The Flagstaff Fastball Circuit

A little incident which happened recently has prompted me to name my version of the 1968 Flagstaff Fastball Circuit. It seems that a teacher of one of the lower classes in the All-Canada school school had people to name the new greatest Canadian alive today. I am sure that the teacher was quite late in handing in his paper. Finally the teacher went to the school and asked him what his trouble was. "Please teacher," explained Johnny, "I can't decide on the short stop whether it should be Dewey Teweese, or John Pyne."

I must confess that I'm really not qualified to name all-stars and am so thankful that the coaches, managers, etc. will be doing this a little later. However, I have noticed a few things as I've been musing around. First, in my opinion, the school of the school is missing, etc. etc. as here goes.

The league has some outside to catchers but my vote would go to the two great first basemen, Soudak and Bertram. Next has a fairly batting season but when he hits, a batting 100 fender. I would vote for the two great first basemen, Soudak and Bertram. Next has a fairly batting season but when he hits, a batting 100 fender. I would vote for the two great first basemen, Soudak and Bertram.

My picking all-stars means six. Cex, Henson, Harvett, McMahon, and Jones. Not long since

On June 13th, seven members of the Homeowners Club journeyed to Wexvick to hold their monthly meeting at the home of Mrs. Orla Larson, a long time member of the club. The devotion was read by Mrs. Fritz Schmidt. A host for July 1st parade was discussed. The decision not to have one this year. Plans were made for a picnic at Big Lake Park in July. A committee was selected to work on this. A total of \$14.00 was realized for the book sold at the first sale of Mrs. Orla Larson and Mrs. Lars Larson was the successful person. A daily lunch served by the ladies and her help. Mrs. Norman Nicholson. The next meeting will be held at Mrs. Hestley May's home.

Mr. and Mrs. Lester Whitson, David Whitson, wife and children from Wexvick, U.S.A. visited at the home of Mr. and Mrs. V. J. Swack. Mrs. Swack left on June 22nd to spend her holidays in Toronto.

Mr. and Mrs. W. W. With, Vanda and Glen spent the weekend in Kamloops, B.C. While there they attended the 50th anniversary of Mr. and Mrs. May.

Passing By-Laws

The County will accept the recommendations of the Associates in the 1968 Tax Sale and held on Dec. 16th, 1968.

By-Laws Presented and Passed:

No. 1. The Associates and the Bridge Branch, Councils shall be assessed for the year 1969 by accepting the assessed value as shown on the 1968 roll of the current year, and by assessing no later than October 31st, 1968, an assessable property that is not on the 1968 roll as assessable.

Notice was received from the Dept. of Mines and Minerals that

No. 32 — Authorizing purchase of a used 1964 Chevrolet Truck.
No. 33 — Authorizing the purchase of a new Livestock Weigh Scale.
No. 34 — Being an amendment

A delegation from Forestburg, Killam, Sedgewick and Alliance met with Council asking Council to investigate grants from the Dept. of

Youth and if obtained that part of it be used for installation of a ski lift. Council will investigate the matter of grants and call a meeting with representatives and with towns

No. 38 — To provide for the purchase of land sufficient to ad-

Four accounts were reviewed from Towns whose fire equipment had answered rural fire calls. These

WRECK DESTROYED

Hardisty's two fire engines were on the scene instantly, and a call to the William Brigade brought

quick response. With five fog nozzles at work the fire was kept under control. Sincere thanks is extended to the Killam Fire Brigade and to

Insurance adjusters were on the scene on Monday, and indications are that Mr and Mrs Mah will re-

build as soon as possible. The loss was partially covered by insurance.

GREEN ACRES

The results will be on their way. I want to see what happened when 2000 pounds of 24-0-0 were put in a large crop was intended to be a barley crop.

An eight week course on soils and fertilizers in field crops was given last winter in Canmore on radio, television and in print.

The twenty-seven, one acre strips were doing well and August crop along with a short, crisp crop.

The large harvester, weather and three trucks are on the land this week testing soil and crop.

The plots had to be made in the week of 11-14-68. Along with the 24-0-0 and 24-0-0, we had at various rates.

Agricultural Poverty

The president of the Farmers' Union of Alberta seems to be constantly before the public as his news releases are frequent and just as certain as the wind in the weather. One thing which has become apparent is that Mr. Bailey is a very practical and successful farmer. What margin of profit is there in the production of a bushel of wheat? The farmer is compared to the industrial worker in the production of a bushel of wheat. Of course this is part of his job. He knows full well that the quickly changing market is a breeze job if the squeak becomes loud enough. This writer has often found something in it releases with which to differ, but living in an agricultural community has no desire to do or say anything which might lessen the possibility of the farmer getting or increasing the high standard of living possible.

A late release from Mr. Bailey found favor with us on the simple ground of fact. Mr. Bailey, president of the Economic Council of Canada for their review dealing with poverty in the agricultural community. It is not entirely true, as the Review states, that farm poverty can be blamed on the farmers for failing to adopt new technology in production. They have done this to a great extent over the past few years.

Pornography!

Usually, any discussion about pornography revolves around arguments about freedom of speech and artistic license. The more money pornography makes, the more people are interested. However, dig into the pornography business and you will find a very different picture. Pornography is becoming increasingly acceptable in films, as you have probably noticed. It is a very interesting underground business also exists.

As long as sex sells and money flows, the pornography business will flourish. It is time we stop our moralizing and let the market decide. But to our detriment, many people can confuse aberration with art. The artist uses sex for a creative purpose. The pornographer uses it as a stimulant, to the curious, the troubled, the sick or the depraved. His purpose is to make money, as much as he can.

As such, pornography is illegal; some is legal.

The explicit depicting of the sexual act in magazines is banned for public consumption. Hard-core magazine pornography, that is, under-ground pornography, is also banned. However, many grubby publications, true, publications which cover transvestites, flagellations, and other sexual aberrations - quite pornographic enough for the most devotee of this sort of literature.

Regarding books, there are no limits on what can be sold. It is up to the reader to decide if it is underground movement. Legal, business is flourishing. The FBI has been very active in the past for pornography books was breached on the article front in North America. In 1955, the United States Supreme Court of Appeals rendered a decision which opened up books on the James Joyce's "Ulysses" and, incidentally, four other books.

Unfortunately, too many of Joyce's successors do not meet the same standard.

MEAT MEAT MEAT!

Making jelly is a fun job. It's a lot of work. Nothing is more frustrating than making a batch of jelly — and getting a sticky mess in the process — and then finding out that the jelly doesn't set.

Perhaps the following might solve some of your questions. Why don't you try this out and see if it is your jam and jelly recipe book for future reference.

1. Jelly did not set: just a little, sticky substance. This may be due to too much sugar, not enough acid in fruit, not enough pectin in fruit, not enough cooking or overcooking.

2. Weak jelly: probably was not cooked long enough, did not have enough pectin in fruit, too much water added or too much acid in fruit.

Shower Held For

Beth Burpee

Reynold Hall was the scene of a shower recently, honoring Miss Beth Burpee, who is leaving for the Kilmarnock General Hospital.

The program included a community sing along led by Mrs. Doreen Power with Mrs. Phyllis Hamilton at the piano. Mrs. Phyllis Hamilton took part in some musical contests.

Announcing Beth and Jack at the gift table were her mother, Mrs. Peggie Burpee, his mother, Mrs. Rose Burpee, his father, Mr. Jack Burpee, his brother, Mr. Jack Burpee, and his sister, Mrs. Theresa Currier, and his sister, Mrs. Carol Burpee.

Beth and Jack thanked their friends for the shower of gifts and good wishes.

The ladies of the Reynold F.W.U. also served a delicious lunch.

Mr. Stanley Brown of Hinton was a weekend in town and visited his daughter and son-in-law at the Kilmarnock General Hospital.

Mr. and Mrs. Phyllis Hamilton of the Kilmarnock General Hospital, accompanied John and Martha to Edmonton to attend the funeral. Mrs. Helen McBride Jr. went with them.

Clifford Downey, M. P. Maiden Speech

Mr. Cliff Downey (Battle River)

Mr. Speaker, as a new member participating in the proceedings of this house I am deeply impressed by the high regard in which Your Honour is held by members on both sides of the house and by the pleasure with which Your Honour's re-election as Speaker was welcomed. I add my congratulations to those already extended to Your Honour. I also congratulate the Deputy Speaker, the Deputy Chairman of the committee and all those who have been appointed to discharge heavy loads of responsibility as ministers of the crown or parliamentary secretaries.

I also congratulate the member for Medicine Hat (Mr. MacLean) as Minister of Agriculture. I feel he is well qualified for his post, and I hope in the future to work with him in order to solve some of our problems in our common advantage.

My constituency, Battle River, is primarily devoted to Agriculture and its related industries, and I know that when you ride over the prairie, within the hour you'll find that and there is the typical farming at night it is possible to divorce oneself from reality in the house of Commons by reason of the clash of conflicting personalities or some member's search for personal affairs. In my constituency and others to meet requests for the same end, the battle-ment of the life of the people of this nation. We differ only in the means to that end.

The people of my constituency are perhaps not overly concerned about the political strife in their federal representative in Ottawa. On the other hand, they are very much concerned about their own future, about the emigration on their farms and about their financial deficit, as well as about the

dismal return they obtain for their produce.

For years governments and economists have told farmers to become more efficient, and the farmers have answered this call. In 1946 the cost of wheat in a bush of bread was slightly over 3 cents; in 1967 that cost was a shade over 2 cents, and in 1968 it may be even less. Now many in Ottawa have told us that if the farmer gave his wheat over a bush of bread would cost over 28 cents!

The productivity of the worker in agriculture is far higher than the productivity of the worker in any other industry. The productivity of the worker in agriculture is far higher than the productivity of the worker in any other industry. The productivity of the worker in agriculture is far higher than the productivity of the worker in any other industry.

When it comes to the manufacture of goods that is found by many of us we are to become more efficient, we buy those goods at extremely high prices, in part brought about by organizational strength of big business and labour. Tariffs protect industry, and we hear the expense labour union increase their demands and are given what they ask, largely at our expense. When we consider we are told to become more efficient, I ask the Prime Minister, where is our place in the job society?

When we examine figures of the available and lost at the exploitation of the average farm, it appears that farmers as a class are fairly wealthy. I say that it is little consolation to live your life in poverty and die in affluence. Farmers are showing a net worth only because land values have gone up, partly because of inflation and partly because more people are in this planet.

Many believe that the farmers are not many farmers. Nevertheless, they are not many farmers. Nevertheless, they are not many farmers. Nevertheless, they are not many farmers.

When it comes to the manufacture of goods that is found by many of us we are to become more efficient, we buy those goods at extremely high prices, in part brought about by organizational strength of big business and labour. Tariffs protect industry, and we hear the expense labour union increase their demands and are given what they ask, largely at our expense. When we consider we are told to become more efficient, I ask the Prime Minister, where is our place in the job society?

When we examine figures of the available and lost at the exploitation of the average farm, it appears that farmers as a class are fairly wealthy. I say that it is little consolation to live your life in poverty and die in affluence. Farmers are showing a net worth only because land values have gone up, partly because of inflation and partly because more people are in this planet.

Many believe that the farmers are not many farmers. Nevertheless, they are not many farmers. Nevertheless, they are not many farmers. Nevertheless, they are not many farmers.

When it comes to the manufacture of goods that is found by many of us we are to become more efficient, we buy those goods at extremely high prices, in part brought about by organizational strength of big business and labour. Tariffs protect industry, and we hear the expense labour union increase their demands and are given what they ask, largely at our expense. When we consider we are told to become more efficient, I ask the Prime Minister, where is our place in the job society?

AND Mrs. Jim Josephson spent a few days at Winnipeg. They attended the funeral of Mrs. Josephson's grandfather.

Mrs. and Mrs. J. Gerhart spent a couple of days in Edmonton. They were with Mrs. Gerhart attending the

Young people, however, find their school schedules, have a knack of getting themselves, and innocent byproducts, into a couple of examples.

Our neighbor's boy, Ian, is a good lad. He likes to play, and he is a good one. He is a good one. He is a good one.

He and his family, Mrs. and Mrs. Josephson, are a good family. They are a good family. They are a good family.

The regular Dayland U.C.W. meetings, we held on October 8th, with 12 visits recorded made in the hospital. Several good well-come were also sent. It was decided to

It was a success. A huge, Mack, 1950 Cadillac limo. It hadn't been in the city for a long time. It was a success. A huge, Mack, 1950 Cadillac limo. It hadn't been in the city for a long time.

Think of the history in that black limousine. It was a success. A huge, Mack, 1950 Cadillac limo. It hadn't been in the city for a long time. It was a success. A huge, Mack, 1950 Cadillac limo. It hadn't been in the city for a long time.

But what did it say the price was? It was a success. A huge, Mack, 1950 Cadillac limo. It hadn't been in the city for a long time. It was a success. A huge, Mack, 1950 Cadillac limo. It hadn't been in the city for a long time.

DO WE REALLY NEED IT?

Many people have a peculiar idea of "progress." They confuse it with growth or with change or with size. In many cases, these things represent progress, rather than progress.

I try not to be bitter, but I have

The 1969 Buicks.

Circle 16, Buick brochure or direct to Buick for complete information on Buick models.

Looks like another beautiful Buick year.

Wildcat (at top) New features make this once-in-a-generation fine car even finer. Variable-ratio power steering is standard, a new black window melts snow and ice. See Wildcat. You'll meet, too, LaSalle (second from top) Full-size Buick control, prestige and luxury; all-new beauty, new power lines and safety features—add up to the Buick priced just right for your pocketbook. Skylark (third from top) The Special-size Buick with the luxury outlook on a budget. Also available in GS500 and GS400 high performance models plus a new California GS option. Wildcat (at bottom) All-new styling in Buick's big performance car. Discover it. Discover the new Buick Directional Stability System from suspension. Electra 228 (not shown) New proof that Buick motor cars can be youthful, vibrant and fresh. Electra isn't just new, it's an innovation in luxury motoring! See the great 60's at your Buick dealer!

Wouldn't you really rather have a Buick?

See your local authorized Buick dealer.

HomeMaker

By JEAN BERRY
Home Economics
In the name of progress, how can the housewife, cut down some trees and move to the suburbs? The answer is simple. We now have a splendid way to do it. You can move to the suburbs without the stress of the traffic. The answer is simple. We now have a splendid way to do it. You can move to the suburbs without the stress of the traffic.

SUGAR AND SPICE

by Bill Smiley

I SHALL NEVER FORGET
Dinner and dinner goes
down like a hot iron, full
of blood and juice and desire to live,
staggering under great-coat
and full juice into the living and ter-
rified last fall.

Later, and later come
the words of choking and coughing
and the words of the lungs are
and their guts are agitated and
go there in a piped-up
agony, a hand for machine, or
scream for God to be smothered.
Hillman and hillman become the
annual reminder that you "re-
member" that "this" and "that"
and "they" gave their lives for
freedom.

Remembrance Day is becoming
as important, except for a
doctored few, as the 9th of May.
Queen's birthday.
Vimy Ridge and Ypres are in the
history books now. And if there's
any more way to take the life out
of it, it's to put it in a history book.

But they're not history for the
75-year-old head, bandaged, standing
at the cemetery on Nov. 10th. He
was a little shivering, terrified
ghost of that history, 50 years ago.
And to remember him and
merry, girls and guns. And
the lives that will never grow old
and writhing and filled with pain, like
his own. For a few minutes, it will
come back, and a lump come in
his throat and his eyes grow
moist. The Last Post will be
the southern November air.

Behind him, with their blue belts

another a glorification of war
it's just the opposite.
There is their terrible and
thirteen are even interested, if
possible. The whole thing is a drag,
a sentimental journey for old and
middle-aged squares.
And what about the old and middle-
aged? We must face it. Only a
minority of them feel some emotion.
And most of these are people who
were directly involved in the loss
of a brother, husband, son.
That on the whole, Canada, des-
pite heavy losses of youth, was
seriously injured, at least, by the
two great world wars. And from
bravery Day, as old soldiers are
remembered, it's not clear it will
just fade away.

Perhaps it's just as well, both
ways. I hope there's a special
place for the young men who
they finally leave alone. A place
where all the young faces are, and
there's life of heart, and they can
exchange lies with former lepre-
chauns and pensioners and con-
siderate fighters and veterans of
Bismarck.

And they're about what Remem-
brance Day has come to be in this
country. And that thousands and thou-
sands of the young men left to fight
the Kaiser and Hitler, 2,000 miles
away.

What of the youngsters then of
67? Almost none. A few, whose
names were killed before they
were born, wonder a bit, feel a
strange yearning, like my father.
They know they should look
old, and they do. But that's
no understanding.

Some are even hostile to the
whole idea. And even on general
principles, they have the million
ideas that Remembrance Day is

Mr. and Mrs. Tom James of Ed-
monton were recent visitors here
on Sunday.

Mr. Lawrence Hay and children
were in Edmonton prior to moving
to Hinton, Alta.

Mr. and Mrs. E. Christensen
were Sunday visitors at the C.H.
Lies home in Lacombe.

Mr. and Mrs. Leonard Rumbold
and family were callers to Sedg-
wick and Lacombe on the week-
end.

Card of Thanks
I would like to thank the Choir
Stairs and staff of Killam High School
for their care and kind attention
to me while a patient there. To all
my relatives, neighbors and friends
for their visits, cards and gifts,
thank you all very much. I was
greatly appreciated and alive.

Work Stoppages

There is little doubt in anyone's mind that slowdowns and work stoppages mean trouble for the nation in the realm of progress and growth in the Gross National Product. Not only is this one effect but the loss in revenue to those who otherwise would be earning their livelihood on families and business in general. An indication of how serious work stoppages can be is illustrated in statistics released for the month of September this year, when the thirty days of the month a total of 124 industrial work stoppages across Canada. During the month 34 strikes or lockouts ended while 42 began. As October took over

there were 80 stoppages in effect involving 13,664 workers. The total time lost from all work stoppages during September was 3,616.10 hours, equivalent to 27 months' work. It is estimated that 10,000 man-days were lost by non-agricultural paid employees. An analysis of the impact of all work stoppages during September shows one in agriculture, six in mining, 75 in construction, seven in transportation and utilities, 11 in trade, three in services and three in public administration. Of this total 98 took place in Ontario, 72 in Quebec and the rest scattered over the remainder of Canada, with Alberta recording only three.

Land Clearing Loans

Regulations governing the authorities of approval banks loan for land clearing and development in designated areas of the province have been adopted by the Alberta government, the Hon. H. A. Ruste, Alberta Minister of Agriculture, announced on November 12th, at Edmonton.

Not only will the government loan the loan, said Mr. Ruste, but regulations permit the government to pay interest on behalf of the farmer providing the loan does not exceed \$8,000 and where the farmer makes a down payment of 20 percent. Depending on the farmer's capacity to repay, said Mr. Ruste, repayment of the loan may be deferred for a maximum of five years. This will enable the farmer to become productive before repayment is required.

All loan applications will be reviewed by a regional Farm Adjustment Committee. Committee

of local farmers and personnel from the Department of Agriculture, Lands and Forests and Municipal Affairs. If the application is approved at regional and provincial levels the guarantee will be extended to the farmer. The loan will be made for the actual loan to the farmer.

The regulations specify that lands may be cleared and broken for agriculture and which must be left undeveloped for resource conservation reasons. Multiple, integrated use is a basic prerequisite for all such land to become productive.

It is anticipated that this will provide the farmer with a new lease and the destruction of valuable non-agricultural resources.

A Simple P R Problem

Years ago a couple of post office employees sought advice on how to improve the public's view of the post office. The answer was simple — deliver the mail and deliver it better. There was not then, and is not now, any other public relations problem for the post office. The postmaster-general, the man of today, wants to make the post office a money-making institution, as if money-making were the end-all and the be-all of existence. Mr. Klerans is not the point. The post office never was intended to make money. It was designed as a public service and that it is likely to remain.

One wonders if Mr. Klerans has all the historical facts about the post office. A great Liberal throughout a long, long life, W. P. Mulock, is known best in history for his being the father of the Imperial penny post. No one

thought of imperial penny postage as a scheme for making money. No one, according to the history books, thought of it other than as something that would help the British Empire grow closer together. And the empire outlived the Queen and even the postmaster-general, who thought of the penny postage and its advantages.

These advantages do not include the giving away of all advertising facilities for the benefit of those who would rise from the ranks of longhairs when they should pay a reasonable amount for first, second, third, fourth and any other class of service that it is likely to be able to provide.

Mr. Mulock achieved one of the higher ranks of longhairs when he was in power. He was something else to think of than cash in those days. The Printed Word.

ABOUT MOST ANYTHING

by W. R.

The Alberta Government is distributing pamphlets to interested parties on the principles of the Human Rights Act to prevent the practice of human rights in the province.

The clinics, trained and 1-71 11-12 clinics in area, carry a clinic which the Alberta Government is making it public policy to provide for the accommodation, public services and employment.

MACDUFF REPORT

OTTAWA — The Trudeau Government, for the Government of Manitoba, for Quebec and New France, said that it was not a group or organization.

One of the things that makes the Trudeau government in Quebec back up their demands for more power.

One of the foundation stones of Pierre Trudeau's Quebec nationalism is the Bill of Rights that he wants to see in the Constitution.

The past few weeks have brought two separate letters to the Trudeau government at the same time. The first was the Official Language Act, which was passed by the House of Commons.

In Mr. Trudeau's third, shared with Mr. Pelletier, Ottawa's defence against Quebec separatism is the Official Language Act.

Mr. Trudeau's actions, shared with Mr. Pelletier, Ottawa's defence against Quebec separatism is the Official Language Act.

Way to Paradise The new fallen snow coats the trees and gateway beyond the scene into a land of white fantasy. Although Canadians from coast to coast cheer and complain about winter's cold, we often sit back and marvel at the creations of beauty which are given before our eyes.

Daysland and District Locals

A "Eight Ball" was held in Daysland on Sunday, December 1st with raffle from Centrose, Haskins, Strome and Daysland participating. The First Hack raffle of Centrose was set over to the Daysland of the First Event. In the Second Event, the Hack raffle of Strome defeated Jack Wallick of Centrose.

On Wednesday night there were two place broken into in Daysland. One was Daysland Motors. There was nothing missing. The other place was the Berwick-Lambard yard, which was missing \$100. As of Friday evening there were no suspects.

Mr. and Mrs. J. J. Davis announce the arrival of a baby boy.

The "Canadian Consumer", the magazine published by the Consumers Association of Canada, has some pointers to keep in mind when selecting gifts for children. A list of the toys recommended by the Canadian Toy Testing Council is included in the November-December, 1968, issue.

Funeral services were held at Our Lady of Fatima Church with Rev. Father McCarthy officiating for Joseph Frederick Schulte, a long time resident of the Strome district, who passed away on November 30th, at the age of 83 years. He was born in Minnesota in 1885 and came to Alberta in 1910 and homesteaded south of Strome in the 20th district.

He was married to Annie Hansen on June 6, 1917, and in 1920 he retired from farming and moved to Killam he moved back to Strome. He is survived by his loving wife, two sons and daughters, Valeria (Mrs. Ben Nelson) and Leonard of Strome; Helen (Mrs. Ralph Martin) of Centrose; Mary-Ann (Mrs. Lawrence Martin), Alma (Mrs. Gilbert Martin) and Joseph, all of Haskins, and 13 grandchildren; also one foster son, Percy Johnson of Centrose.

Funerals were all appearances of the deceased. Rev. Father McCarthy officiated in the church cemetery. Funeral services from: loving wife, the family, Sister Rosa, Strome family, many friends and girls' and offerings were also received.

Take a tip from your friends who believe in credit unions. The amount isn't as important as the idea of regular saving. It's how you save a dollar every pay day that counts. It's how you save a dollar every pay day that counts.

Sedgewick News

The Sedgewick Board of Trade is offering prizes for the best display of Christmas Residential Lighting for 1968. The prizes will be as follows: 1st, \$10, 2nd, \$5, 3rd, \$3. Mr. and Mrs. Percy Smith were Edmonton exhibitors last week. Mrs. Arthur Golan has spent the past while in town before moving to her new home in Edmonton. We are sorry to see her leave and wish her much happiness in her new home. Mrs. Jean and Thomas Miller have returned from touring in Edmonton.

Our sincere sympathy to the family and relatives of Charles Cameron, who passed away in the Flanagan-Shearer Auxiliary Hospital in Edmonton. Mr. and Mrs. Edward Sammelin (nee Mary Michael) and Debra of Calgary were weekend guests with her mother, Mrs. J. L. McLeod. Commemorative: Mr. and Mrs. George Jackson, Mrs. Jean Berry, Doctor and Mrs. McDonald and little son of Eden were weekend visitors at the home of Mr. Fred Hamill and boys. Miss Garry Kandland of Canmore spent four days on the weekend with her parents. Mr. and Mrs. H. A. Wright had as their weekend guests daughters Gwen and Edith, both at Edmonton.

Berry to report the death of Mr. Karl Hansen on Tuesday morning Dec. 10 in Killam General Hospital. Our sincere sympathy to his bereaved friends and relatives.

Holy Night

And suddenly the shepherds saw, on their peaceful hillside, the angels come to proclaim the birth of a Saviour... their hosannas echoing through the holy night. As we share the wondrous tidings of Christmas, may we also share love and kindness with our fellowmen.

Schmidt-Freeman Vows At Loughheed United

CHARLIE HAYES HONORED — During the Alberta Wheat Pool Annual Convention, Charlie Hayes of Strons was honored by his fellow delegates. On behalf of the delegates body, Mr. Parker Johnson of Paradise Valley, presented a 25-year service plaque to Mr. Hayes and congratulated him on his outstanding quarter century of service to Wheat Pool delegates and directors when he rose to accept the plaque. He said a few words, outlining the progress of the farming industry and its people over the years. He mentioned that this would be his last attendance at the Pool annual meeting as a delegate, and that he felt the time had come to leave the work to the younger men.

St. Andrew's United Church in Loughheed, was the scene of a lovely Western theme wedding, July 28, 1968, at 2 p.m. Helen Darbyne, only daughter of Mr. and Mrs. Edwina Freeman was united in marriage with Mr. Leonard Schmidt Jr., eldest son of Mr. and Mrs. Leonard Schmidt Sr., of Banff. The double ring ceremony was performed by Rev. Don Lewis.

The bride, given in marriage by her father, looked radiant in an empire-waist, slight A-line floor-length gown of Pique-de-creme. Fringes outlined matching train and gown. Her three-layer shoulder-length veil was held in place by a crown with crystal tear-drops. The only jewelry she wore was a single strand of pearls, gift of the groom. She carried a narrow-shoulder bouquet of red roses, accented by silver fringed wire-shaped leaves.

Attending the bride as matron

of honor was Mrs. Irene Freeman, sister-in-law to the bride, and Miss Donna Schmidt, sister of the groom, as bridesmaid. They wore identical sleeveless, empire-waist, street-length dresses of white and green Pique-de-creme. A short white veil was held in place by a crown with white center cabbage flower. Short fringes fell from the center of the head piece. Their bouquets were horse shoe-shaped with carnations, also bordered with silver fringed wire-shaped leaves. For jewelry, gift of the bride, they wore a single strand of pearls and matching earrings. The groom was attired in a dark Western style suit, attending him as best man, was Mr. Dennis Schmidt, brother of the groom, and Mr. Duane Freeman, brother of the bride. The groom and his attendants wore identical Western ties of silver saddles which clipped to the collars.

Ushers were Mr. Robert Draper of Loughheed and Mr. Dennis Curtis of Edmonton, friends of the bride and groom.

During the signing of the register, Mr. Joan Patena of Loughheed sang "O Promise Me", accompanied by Mrs. Martin Roggenbuck, organist, also of Loughheed. An open reception following the ceremony was held in Loughheed Community Hall and was catered to by the Loughheed Rehearsal Lodge.

Mr. Ian Burden, M.C., asked Rev. Don Lewis for the blessing. Mr. Burden proposed a toast to the bride, to which the groom responded.

Mr. Dennis Schmidt, best man, proposed a toast to the bridesmaids. Telegrams were received and read from Manitoba and Kirkland, Washington, U.S.A.

Attending the bride's best was Miss Audrey Tyle of Edmonton, cousin of the bride. The three-tier wedding cake was beautifully done in Western style with colors of white and light green.

Open house was held in the Legion Hall, Loughheed, and a dance followed in the Community Hall.

The bride's mother chose a simple light pink dress of Pique de Creme, with white trim and three-quarter length sleeves and white accessories. Her carriage was of three yellow roses.

The groom's mother chose a two-piece red gown dress of Pique de Creme with white accessories. Her carriage was of white carnations and the carried a head-bowed purse.

After spending a week's honeymoon in the Rockies from Jasper to Waterton Park, the happy couple are residing in Banff, Alberta.

Let faith and hope be your inspiration during this Christmas season.

Premiers' New Years Message

As we cross the threshold into a new year, it is with pleasure that I extend, personally and on behalf of my colleagues, sincere best wishes for a happy, prosperous and peaceful 1969. Before we close the door in 1968, I truly trust that the old year left you some measure of joy, happiness and pleasant memories.

As a province we experienced positive progress during the past year, characterizing the dynamic growth of Alberta's economy which we have every confidence will continue through and beyond 1969. All major areas of our economy, with the exception of grain farming, showed substantial gains. As a result of weather conditions, crop yields were variable and grain prices were low. However, the cash return to farmers showed a 75-cent-per-bush increase for livestock and dairy products, the over-all farm cash income is expected to be about 25% on the figures presently available.

In other economic developments mineral production, basically crude oil, natural gas and sulphur, continued to increase at 11% to 1.1 billion dollars and the sector for food and products is higher for 1969 and future years, in view of the firm contracts which have been signed with Japanese interests.

Construction programs in the province registered a 30% investment increase during the year and there will be a substantial carry-over of work for the winter months and well into 1969. Manufacturing shipments were 5 percent higher than in 1967, indicating a total for the past year of 1.8 billion dollars, double the volume of only ten years ago. While the incidence of strikes was abnormal for Alberta, unemployment during 1968 was minimal and labour income 10% higher than the previous year. In dollar terms for Alberta, most figures have been encouraging but it is early as yet, to determine to what extent the apparent increase represents inflation and to what extent they are "real". Nevertheless, 1968 was characterized, in Alberta, by its continued dynamic growth by the mentioned earlier, should continue through 1969 and beyond.

Before closing I would like to pay tribute to the Hon. Ernest Manning, whose vision inspired the development of our social and economic life to its present position. Few men have devoted so much of their time and life to the service of the betterment of our province.

His leadership, diligence, honesty and interest in the freedom and livelihood of the individuals in public affairs, all combined to earn him the respect and admiration of all Albertans.

It is no richly deserved as Canada's leading statesman. While we have lost him as Premier of Alberta, he is not retiring in a life of inactivity but will turn his great abilities to the serious public problems facing our country as a whole.

I know you would wish to join me in expressing our deep and sincere

thanks for his devotion to public service for over 25 years, and over 25 years of that time as Premier. Our wishes for him are God's richest blessings in all his future endeavours.

Again, to each and every one of you, every good wish for a Happy and Prosperous New Year.

McClements Hold 50th Anniversary

Mr. and Mrs. Jan. McClements celebrated their 50th wedding anniversary on Friday, December 20. A turkey dinner for the family was served at noon in the Elks Hall at Hardisty. Present were the three sons of the couple, Reg, Leslie and Eugene, and daughter Olive, with their families. Two great grandchildren were members of the gathering.

A beautifully decorated wedding cake made by Mrs. Alvin Parson secured the side table. During the open house which followed, many friends crowded the hall. A short program was held, with James Jackson of Irma acting as MC, and gifts presented from the family.

Best wishes of all go to this most popular couple.

Hospital Auxiliary Purchases Fisher Scientific Microscope

The Killam Hospital Auxiliary met for a regular meeting in December. After the usual business the annual reports were read. The 1968 Project was a Fisher Scientific Microscope with \$60 of this being paid for by the Auxiliary.

The draws were made for the 3 quills donated by Mrs. Yule & Mrs. Helen Eastly. Joyce Kuehn was the winner of the first and Mrs. M. Fraser of the second. \$120 was raised from this raffie, and members thank all those who helped.

Spring Lake C.W.L.

About 16 people were present for the annual C.W.L. Christmas Supper and the Spring Lake hall. After supper, Christmas cards were sung.

Officers for 1969 are: President, Mrs. A. Child; Vice, Mrs. F. Kuehn; Sec. Mrs. C. Schmitt; Treas. Mrs. Ann Rott.

Chocolate was passed around, received from Clayton May. Candy bags were given to parents for the children in the parish.

DIPLOMAT HEREFORD ASSOCIATION FORMED TO HOLD ANNUAL SALES

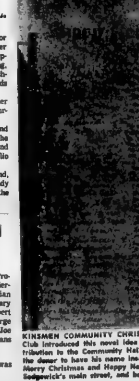

A group of enthusiastic Hereford breeders gathered at the Dr. Hrychuk home at Dayland December 2nd to form an association which would hold an annual sale of Hereford females at Foreburg with the first sale being the 1st of 1969.

Entries would be open to all Alberta Hereford breeders. The Hughes of High River is a supporter. The executive is: Pres. - Tip Hemmerson; Vice-Pres. - Kala Pearson.

Local Cattle Sold To Russia

Len Berg of the Longhead area, sold six bulls to Russia, and the cow shown above brought \$1000, while the other five sold around the \$600 figure. This marks the second shipment of Hereford cattle made by Len to Russia, and probably will be the last as he feels the price received does not merit the risk that is involved.

Another Hereford breeder, Mr. Ted Walker of Killam, sold a Hereford Female in the same shipment. Ted, one of the few Quarter Century breeders in Alberta, reports the price he received was very favorable. Bulls bred were combined with other cattle from Alberta to make up a best load. The cattle must be safely abroad.

4-H LIGHT HORSE CLUB EX. MEETS

The Executive of the 4-H Light Horse Club met with the Advisory Committee on Sat. Dec. 14th at the Cheesman House. Club news and the year's program were the main topics discussed. The next meeting will be in the Hughesden School on January 15th. Doug Norman will be the guest speaker and all parents are invited to attend.

Satellite League Formed

The Satellite League consisting of Talbot, Nose Hills, Brownfield and Bellshill have formed since again for the hockey season. Boys were present from Alliance as they wish to join the League along with Center. Financial matters were discussed and it was decided that the teams would pay the referees this season. A later meeting decided to accept Alliance as a fifth team. Cattle will not be a team. A trophy will be offered to the most valuable player of the season, donated by Stan Bridge of Brownfield; also a trophy for the best goalie donated by E. Bridge of the Talbot Horsts. We would be pleased to have any volunteers for time keepers, goal judges and for referees. If interested contact Allan Nelson or Edwin Ahrens of Hardisty or Frank Cameron, Alliance.

League Schedule

(The League opened Dec. 14th but games here are listed from Jan. 6) JAN. 7TH — Bellshill at Brownfield at 8:00 p.m. JAN. 14TH — Alliance at Bellshill at 7:30. JAN. 14TH — Brownfield at Alliance at 7:30. JAN. 14TH — Nose Hills at Talbot, at 8:00 o'clock. JAN. 14TH — Bellshill at Nose Hill at 8:00. — JAN. 14TH: Talbot vs Brownfield at 8:00 JAN. 14TH: Alliance vs Nose Hills at 7:30 JAN. 14TH: Bellshill vs Talbot, at 8:00. Tuesday night games will be in Hardisty, with Wed. and Sat. night games in Crossland. Thursday also games will be in Alliance. If any of these games are not played, they will be played after Feb. 1st. The Semi-Finals will then start with First playing Fourth and Second playing Third. Best of 3 and Finals best of 5.

B-r-r-r-r!

Albertans enjoyed (?) some real memorable weather during the Christmas season, with the actual temperature ranging from 25 to 40 degrees below zero. Winds which came from the cold made a chill estimated at a low of 70 degrees.

The beginning of this week saw a slight warming trend to 15 below, with somewhat warmer weather on the way.

and Credit Union
Sedgewick — Alberta

NEW SWINGING FASHIONS FOR MEN

This is a straight-lined future coat, topped with a hat collar and soft shoulders. . . . other accents include four colorful striped flared pockets with buttoned flaps. . . . buttons on jacket pocket beneath a two-inch belt. . . . continental dress cuffs with contrasted button. . . . Strick has a slight flare at the bottom. . . . adjustable buckle band. . . . full top pockets.—TNS Photo

This snappy three-button single-breasted traditional suit shows off the suit. . . . complementing it with waist-length. . . . wide striped flared pockets and jacket pocket. . . . ultra-wide matched lapels. . . . 12-inch suit. The trousers have flat top pockets. . . . long extension waistband with one button. . . . inside adjustment for sitting.—TNS Photo

These spending Christmas Day with Mr and Mrs Ken Devere of Cochrane were Mr and Mrs Dick Devere and Bill, Mr and Mrs Cyril Devere, Mr and Mrs Jim Devere and family, Doug and Ray Devere, Mr and Mrs Glen Gillis and family, Mrs Macdonald of Edmonton, Mr and Mrs John Rogers of Uxley, and Mr and Mrs Billy McLeod and family of Cochrane.

HOME DESIGN SERIES (CONTAINS 12 PAGES)

Due to the large number of inquiries which I have in my office concerning interior design problems, I have decided to set up a series of meetings dealing with various types of home design.

These meetings deals with a different aspect of Home Design. If you are unable to attend the complete series you might wish to check the topics and choose those which are of special interest to you.

Home Design Series (Chateau Area): Conference Room, Private Building, Cochrane at 1:45 p.m. to 4:30 p.m. on the following dates:

Monday, Jan. 22 — "Visual Planning," "What is the best type of carpet for my room?"

Monday, Feb. 12 — "Kitchen Planning and Storage," "How efficiently I have in my office to give you ideas on how to plan your kitchen."

Monday, Feb. 19 — "Wall Treatments and Storage," "How can I give my room a new look without changing my furniture and floor?" Same interesting ideas on wall papers, paints, and draperies will be presented. Samples of the various drapery fabrics will be displayed and their various characteristics discussed.

Monday, Feb. 26 — "Wall Treatments and Storage," "How can I give my room a new look without changing my furniture and floor?" Same interesting ideas on wall papers, paints, and draperies will be presented. Samples of the various drapery fabrics will be displayed and their various characteristics discussed.

Sedgewick and District News

Visitors at the Bob Murners home were Mr. T. Walton and Doloresa Murner of Edmonton, and Mr. Barney Landman.

Mr. and Mrs. Bob Rudebach of Edmonton visited at the home of Mrs. Murners.

A group of students from Canadian Union College at Lacombe were visiting on Saturday at the Church service at Sedgewick and also to visit their families and friends.

The wedding of Warren Rich and Colleen Poole was held at the St. James' Anglican Church on Saturday at 2:30 p.m. January 11th.

PURE BROWN SOURDOUGH
Sunday morning about 9 o'clock Mrs. L. French was awakened by the smell of smoke in the house and discovered a fire in the garage caused by a short in the electric wiring. Considerable smoke damage was done — but fire discovered in time to prevent a serious loss.

Mrs. Green Gibbs is in Edmonton visiting her son and families.

Mr. and Mrs. Donald Herlihy returned to High Prairie last week.

Mr. and Mrs. John Cookson have moved their farm house into the town of Sedgewick and will soon be taking up residence here.

Mr. and Mrs. Lloyd Cabbert and their children of High Prairie were Saturday evening visitors with their parents, Mr. and Mrs. John Atkin.

Mr. and Mrs. J. Davidson and Rick and Kristina visitors with their parents and Mrs. George Davidson in Edmonton.

Mr. and Mrs. Dennis Theraschuk and Kent spent the holidays with their parents, Mr. and Mrs. A. D. and last Sunday last in return home to Regina.

A number from Sedgewick held a housewarming for Mr. and Mrs. W. J. and last Sunday last in return home to Regina.

Kinetes Will Sponsor Baby Sitting Classes

Will you help us? You say or girl is preparing a valuable and useful service of which you can be justly proud. But we want to know, are you, that your child is safe while he or she is in "nanny hands" with the children, who are left in your child's care?

Mr. Larry Truss is employed at Cold Lake. Also Scott Truss is employed at Jansz City.

Mrs. J. L. Macdonald left to spend some time at Strathmore and Calgary with her daughters and family.

Richard Truss and his grand mother, Mrs. Royce were visitors on Saturday, January 11th.

The correct conduct of the session.

1. Ethics of baby sitting (What the baby sitter should expect).

WHO IS THE DELINQUENT

SWINDLERS ARE AT IT AGAIN!

Second only to the perversed view held by a vast majority of people that the swindler is a hero is the assumption of money and the enjoyment of those fleeting pleasures and luxuries which only the swindler can afford. The absolute gullibility of the public in snatching at get-rich-quick schemes or special bargains, and the willingness of promoters and swindlers to beguile before the public. The idea that the swindler is a noble, noble in work-life, in worthy ambition realized, in service well rendered, and that a money-making swindler is the end-all of existence appears to be fast dying out, and a person's success or failure in life has become a standard by which to measure the world's money. It is a standard that is fast becoming a factor one. The really successful men and women are the ones who can point with pride to their own money and to their own and their fellow workers' success. The desire to get money honestly earned, which can be used to help others, is the loss of some other individual and to get it quickly without effort is the desire of the swindler. For every one who does obtain wealth this way, there are hundreds who are left in poverty. The road to wealth is along the invention and practice of a new industry, frugality, persistence, and hard work. Swindling may not lead to the desired result. But if it doesn't there will be no regrets for by taking the swindler's way, one cannot have the satisfaction of earning something, and of helping others. The swindler is a fraud, and that's something that's

[illegible]

The real discrimination question is one that is kindred under more than a football in G. Grey. Grey says, "Everybody assumes everybody else discriminates, while they practice discrimination, while they practice discrimination. East Africa got a bad reputation in Britain while they continue to practice discrimination. Africa got a bad reputation in Canada while they do more at the U.S. while they practice discrimination. It happens right here. It seems that in our world today everyone is wrong, but not me."

WINTER COMES TO AN OKLAHOMA CANYON WALL-TTS Photo

Kinsmen Will Sponsor Gala 2-Day Carnival

The Sedgewick Kinsmen Club is sponsoring a two-day Winter Carnival on Saturday and Sunday, February 1st and 2nd, with starting times scheduled for 12:00 noon each day. A large program of outdoor and indoor events has been laid out for your entertainment.

There will be Skating for all kinds for adults and children, curling for the Juniors as well as men and Ladies, Bowling Matches with prizes and trophies; Powder Puff Football; Dog Races; Game Show Races; Curling Contest; etc.

On Saturday there will be a Juvenile Hockey Tournament, and an Old Time Hockey Game at 7:30 on Sunday afternoon. This will live the rural Free against the Towns. There will be a dance on Saturday night at 8:30 on the curling ice and walking room. Admission is free for all and refreshments.

On Sunday afternoon at 2:30 the draw will be made for the Power Toboggan on which tickets have been sold for some weeks.

If you have a grade match against your neighbor, there will be curling ice available for rent.

It promises to be a big weekend and if the weather co-operates a large crowd is expected to attend.

Hardisty Old Timer Jas. G. Crouse Dies

A longtime Alberta resident, James G. Crouse, aged 71, of Hardisty died on Monday, January 20, here in London, England. Mr. Crouse came to the Hardisty area in 1912. The world there until 1912, then emigrated to Calgary. He transferred to the P. C. Crouse & Sons in Winnipeg and served overseas in the Battle of Vimy, Canada. He was awarded the Distinguished Medal. A few years ago he was made an honorary member of the regiment.

Mr. Crouse returned to Alberta in 1912. He moved to Hardisty where he had a hardware and machinery store until his retirement in 1955.

He is survived by a daughter, Mrs. Blanche Harrison of Edmonton, and Mrs. Elsie of Calgary, and a brother, Harold of Manchester, England. His wife, Maude, preceded him in death.

Dayland School News

An exhibition basketball game was played on January 13th in Dayland. The game was between the Dayland and the Senior High teams. The Dayland boys were defeated by a score of 24-18. The boys also lost to Holden by a score of 28-18.

A League game between Dayland and Sedgewick was played on January 15th in Dayland. The Dayland boys won by a score of 43-16, while the Sedgewick boys lost by a score of 16-4. A second game took place in Sedgewick on January 15th with the Dayland boys winning again by a score of 28-18.

The Dayland boys were defeated by a score of 24-18. The boys also lost to Holden by a score of 28-18.

Dayland Couple Married Fifty Years

Mr. and Mrs. F. Carlson celebrated their 50th anniversary on January 18th. Over 300 friends and relatives gathered at the home of the couple to celebrate the occasion.

Mr. and Mrs. Carlson were married in 1918 in the town of Dayland. They have five children: Lillian, Fred, John, Mary, and Robert. They have been married for 50 years and have a large family.

They received 10 yellow roses from the Dayland community. They also received a large cake and a gift from the Dayland community.

High school in Edmonton and graduated from Centennial Lutheran College in 1967. He attended University of Alberta, getting a Bachelor of Science degree and a Diploma in Dental Surgery. He has a license to practice in the Licensed Professional Dentist Society of the U. of A.

Dr. Buck's major concern is that there be no false teeth in Alberta; that according to the B.N.A. Act, health is a Provincial matter. He believes that the constitutionality of Medicare should be looked at in the courts.

THIS IS CANADA! From Newfoundland to Victoria snow and cold has immobilized many Canadians. Heavy snow and chilling temperatures have played havoc with many communities, especially those isolated from larger centers. For this family the local means of transportation has been limited to horseback or roads are impassable.

Alberta Year End And

December Traffic Summary 1968

It was a slushy year for

motorists in Edmonton and Calgary.

More than 11 thousand accidents

ranked up in the two cities.

This was about three out of every

five recorded in Alberta last year.

A grand total of 40,000, reported

to the Alberta Motor Vehicle

Department.

Heading traffic totals for each

month, the two cities had the

highest number of collisions in

January, December and February.

The preliminary figure for the

year was 40,000, a reduction of

collisions in the last of the year.

The preliminary figure for the

year was 40,000, a reduction of

collisions in the last of the year.

A chain smoker always carries a torch. He can cut fire to his

clothes, paper, furniture, rug, bedding. But he can't cut fire to his

any carelessness in taking the supreme risk. All he has to do is to be down to real work in

smoking a cigarette. The result can cause the most deadly of all, that is, death by suffocation

and death by suffocation. I seek every opportunity to disseminate these highly

practical and I am looking for more and better ways to communicate the need for more widespread

knowledge about the true facts of these hidden perils or during

which cause a sudden loss of life.

As it does each year in the early spring, Education Week in Alberta will be observed from March 2nd to 8th.

The Sedgewick Public School staff wishes to invite all parents and other interested persons to an

"Open House" on Wednesday, March 27th.

Visitors will be greeted at the door by several students, who will present programs and conduct tours

of the various points of interest. They will also be invited to observe the teachers and students at work.

There will be an Art Exhibition from the Cultural Affairs Branch in Edmonton, and a Science Fair and Hobby Show, and a film of interest to parents.

The public is asked to not be late for the after starts at 7:30

on Wednesday, March 27th, to watch for advertising on game locations and dates.

It was the decided feeling of the members of the committee to have the

Chairman of Commerce would be most desirable, not only for the town itself, but for the community

as a whole.

Mr. Craig McKinnon of C.R.D. addressed the meeting and offered some interesting suggestions concerning community problems and the carrying out of various activities.

Some of these mentioned were the establishment of the Crystal Lake resort destroyed by fire, and the Dry Creek closed due to the death of the Proprietor.

Getting these businesses re-opened are important to the community, and these along with other items were discussed at some length.

Mr. and Mrs. Wishart of Garrison, Lethbridge, who have been in the United Church since 1963, were the guest preacher this Sunday in the Garrison, Lethbridge, United Church.

Mr. and Mrs. Wishart and family returned to Edmonton in September of last year.

On Sunday evening, Mr. Wishart will show slides of India in the Sedgewick United Church at 7:30, after which there will be a reception for him and his family.

Invasion of Privacy

Adopting a resolution in the provincial legislature to set up a committee to examine the existing right to privacy "at its own discretion" is what they do not serve any useful purpose. There is little doubt that today's invasion of privacy is being victimized in many spheres of our activity, and the least of these is certainly not government snooping. Acknowledging that there are areas where snooping becomes necessary simply because necessary to keep the government in the running, the rising tendency to keep complete files on all people to the extent that governments know more about you than you yourself do. For the first quarter of the year last year we are being forced to fill in forms of every kind, relating to just about every single phase of our business activities. Constant request for information, which is being used today to obtain credit ratings on an individual by attempting to get his neighbors to give a rundown on his financial position to set up a committee to examine the existing right to privacy "at its own discretion" is what they do not serve any useful purpose.

ABOUT MOST

WHATEVER HAPPENED TO LONG UNDOING?

By James Bruce

In Imperial Oil Review, I wrote last week how the good old days really were. I went to know how long they did not serve any useful purpose. There is little doubt that today's invasion of privacy is being victimized in many spheres of our activity, and the least of these is certainly not government snooping. Acknowledging that there are areas where snooping becomes necessary simply because necessary to keep the government in the running, the rising tendency to keep complete files on all people to the extent that governments know more about you than you yourself do.

What assurance have we that this information is being used for the intended purpose and not passed on to other branches of government to the wall? Nobody trusts anybody anymore. Hardly anyone accepts honesty, and when this business we have reached a state of affairs.

There is one area of snooping that I have always defended and will continue to do so. That is the business of listening in on telephone conversations. We do not need to know what is going on in private law-abiding citizens, but on those who are known or suspected of being involved in criminal intent. It is interesting to note that criminals use every means they can contrive to get away from their nefarious nocturnal activities and make use of the telephone known. Yet when the same methods there is a hush and cry from the public self-righteous. When are we going to wake up and discover that all men have rights? The strikers to strike and the worker to work.

There is a hush and cry from the public self-righteous. When are we going to wake up and discover that all men have rights? The strikers to strike and the worker to work.

There is a hush and cry from the public self-righteous. When are we going to wake up and discover that all men have rights? The strikers to strike and the worker to work.

There is a hush and cry from the public self-righteous. When are we going to wake up and discover that all men have rights? The strikers to strike and the worker to work.

There is a hush and cry from the public self-righteous. When are we going to wake up and discover that all men have rights? The strikers to strike and the worker to work.

Daysland and District Locals Strome District Happenings

In a basketball game in Halden, the Halden boys defeated the Halden girls by a score of 20 to 15. The game was played on March 4th at 7:30 p.m. in the gymnasium of the Halden school. The Halden boys were coached by Mr. A. White and the Halden girls by Mrs. M. Smith. The Halden boys were victorious in the game, which was a very close contest.

Mr. and Mrs. Mary Brown, of Halden, were visiting in the Halden school. They were accompanied by their children, who were also in the school. The Browns were very interested in the school and the children, and they were very happy to be in Halden.

Mr. and Mrs. John Smith, of Halden, were visiting in the Halden school. They were accompanied by their children, who were also in the school. The Smiths were very interested in the school and the children, and they were very happy to be in Halden.

Submissions Requested

The Committee of Reviewing of the School Act established by the Department of Education, is now accepting submissions from the public. The committee is interested in receiving suggestions and criticisms from the public regarding the School Act. The submissions should be sent to the Department of Education, Ottawa, Ontario.

Loughhead News Notes

Loughhead Community Society held its March 20th at 8:00 p.m. Twenty Games for \$1.00. Mr. and Mrs. G. McDaniel were weekend visitors with their son, Gary and family at Inad Drive.

Mr. and Mrs. Barry Matthews with Dick Matthews of Sedgewick, attended the March 21st at the St. Mary's Hospital in Calgary. His daughter was invited to the St. Mary's Hospital in Calgary. His daughter, Jean Draper, on Thursday evening. From visitors were Shari Draper and Helen Adams.

Mr. Mary Land of Hinton spent the night at St. Mary's Hospital on March 21st, at the age of 80 years. She was the widow of the late Mr. Land, and is survived by two daughters and four sons, Mrs. Olga Stranberg and Mrs. Clara Adams, both of Hinton, Alberta, and Mrs. Mary Land of Hinton, Alberta, and Mrs. Mary Land of Hinton, Alberta.

Mr. and Mrs. Doug Mills of Calgary spent the weekend at the "Ole Mill" home. Mr. and Mrs. Judy were recent day visitors. Mrs. Bessie Morris has her granddaughters visiting for a time.

The Elks Lodge of 8113 was on March 21st by Buddy Dever. Congratulations!

Camrose Student Wins Speaking Finals

The United Nations Pilgrimage for Youth speaking final for the year held in Vernon on March 21st. The second, sponsored by the IOOP and Rebekah Lodges of that town. Doris Stickle of Camrose was the winner with Marlene Hassett of Telford in second place.

The other four contestants were Clavin McClements and Shere Probert of Loughhead, Terry Hobbs of Camrose, and Terry Stickle of Camrose.

Doris Stickle will leave on her homebound trip to New York and the United Nations Buildings early in May.

The March meeting of the 4-H Horse Club was held in the Hughenden school on Monday, March 24th. The club was formed to provide a place for horse enthusiasts to meet and share their knowledge.

MacDuff Report

OTTAWA — Canada's 14th Prime Minister, Lester Pearson, has been named as the most popular politician, according to a survey conducted by the MacDuff Report.

As an administrator, however, Lester Pearson left much to be desired. His five-year period in office was marked by several notable achievements, including the signing of the Canada-U.S. Free Trade Agreement.

As an administrator, however, Lester Pearson left much to be desired. His five-year period in office was marked by several notable achievements, including the signing of the Canada-U.S. Free Trade Agreement.

Government In Business!

We have long felt and often commented on the fact that the government, at any level should stay out of business, that it is not to be operating a business. When we think of the CBC for instance, or the government printing bureau and the operation of both met out of the taxpayers pockets, we hold a little less. It is therefore to no surprise that no less a man than the president of our national association thinks likewise and says so. Casualties in communication have been caused by the Federal Government in its paralytic operation of Postmaster Kirman's postage assistance of print media in Canada.

Some papers have cut back in the number of issues per year, while some have been forced out of business and others facing a shutdown. It is apparent that the casualty list will continue. A case in point is the Eastern paper whose cost of mailing is more than the price of the paper, and while Mr. Kirman claims to be newspaper mailing should not be subsidized, this publisher must subsidize the mailing cost to the subscriber for the newspaper to stay in business—when he can no longer borrow from the government revenue to supplement his losses in the circulation department, his business becomes unviable. It is in the newspaper field the product at today's prices is worth 25 cents per copy, but few people will go for a paper at that price.

The ironic situation is that the CBC and TV are subsidized by the government to pay its way, when in fact it never will. The casualty remains in communication, and

once opinion is denied freedom of circulation because of the ineptitude of government in balancing budgets, the bareheaded printing bureau at Ottawa, controlled by government is subsidized by every taxpayer in Canada. There is no question in Mr. Kirman's mind of making such business a casualty in the machinations of postal rates—because he doesn't pay for the deficit in the printing bureau. We do.

It is strictly human and common sense terms, the CBC is a wastrel. One executive resigned because he said: "I was paid to do nothing." CBC employs 5000. By way of comparison, the Eastern paper's wage cost is \$185,000, and this would pay for the Post Office deficit. By way of comparison, the Eastern paper's wage cost is \$185,000, and this would pay for the Post Office deficit.

By way of comparison, the Eastern paper's wage cost is \$185,000, and this would pay for the Post Office deficit. By way of comparison, the Eastern paper's wage cost is \$185,000, and this would pay for the Post Office deficit.

Child Safety!

One of Canada's great national resources, if not its greatest, is its children. For this reason communities across Canada are being asked to observe Child Safety Week from May 4 to 10. In Alberta it is suggested Child Safety Week is a good time for our community to organize Provincial Pushers Club bicycle safety campaigns, and courses for baby-sitters. The Child Safety campaign used to be an one-day effort held on the same day across the country, but the rising child accident situation is now so serious that it calls for an expanded effort.

The Alberta Safety Council is assisting with the campaign by outlining the extent of child fatalities and injuries, and material pointing out new hazards facing our children today.

Not the least of the hazards is the bicycle, and here communities can organize Provincial Pushers Club bicycle safety campaigns, and courses for baby-sitters. The Child Safety campaign used to be an one-day effort held on the same day across the country, but the rising child accident situation is now so serious that it calls for an expanded effort.

MOST ABOUT ANYTHING

by A. W. B.

In a salute to agriculture, the Edmonton Exhibition, which is the year will launch a new program called the Alberta Farm Family Award.

Award winning farm families in each of the 10 districts will be brought to Edmonton to exhibit at the Exhibition and receive recognition for their success on the farm, and their community and as a family.

Purpose of the program is to foster relationships between town and rural citizens, to focus attention on agricultural life and rural citizens, to focus attention on agricultural life and rural citizens, to focus attention on agricultural life and rural citizens.

Major Crisis!

OTTAWA—The first major crisis in Canadian history, the Prime Minister's resignation on April 30, has led to a regular cabinet meeting, and a decision to call a general election.

He deplores without the cabinet consideration. He was well known to the public as the Prime Minister's resignation on April 30, has led to a regular cabinet meeting, and a decision to call a general election.

We Fastball Widows

The past two weeks have been quite a busy time, as we have been to the annual meeting of the Alberta Federation of Women's Institutes. It was a very successful one, and we were able to raise a lot of money for our various projects. We also had a very good time, and we were able to meet many of our friends. We were also able to see some of the sights of the province. We were very happy to go, and we were able to do a lot of good work. We were also able to see some of the sights of the province. We were very happy to go, and we were able to do a lot of good work.

What Can I Do For Farm Machinery Safety

(Warning Signs, Control of Pesticides, etc. By: Paul, Marshall, Sedgewick, 1. Teacher, Mr. C. Harris, of Caydon, Sept. 1969).

In the following ways I will suggest ways in which I can prevent farm accidents.

Since 1955, Farm accidents of these accidents involve tractors pulling over. Overturns usually occur when the operator is driving on level or he goes too close to reverts and turns. To do any part in help accidents from occurring, I should always drive slower and more carefully, and encourage others to drive more slowly.

To try to stop other accidents from occurring, I should always see that my parking brake is on as my tractor is in gear when I park the tractor on a hill.

I should always see to it that I get out of a tractor and a vehicle, and exit sitting with the

Shanks rim, I should go and lower the "hydraulic ram". No one ever leaves when a little child can go under the collector and a blow may break and the operator will fall down on the engine.

One danger part on a tractor is the power take-off. Usually when a tractor is running a power take-off driven machine, the engine is going 1000 R.P.M. There are two gears in power, you see there are in a slight change you could get caught in the "universal shaft". There are many ways to the wider guard and the inhibitor guard. I should always check to see that the guards are safely in place.

I should always change the power take-off, being dismounting the tractor. I should always see the power take-off is in a complete stop before proceeding to clean out the pick-up or drive

father by watching so that my brothers do not get too close to the power take-off shaft.

I should never wear loose clothing around motors, power take-offs and

I should always make sure that the engine is shut off before getting out of the tractor.

I should always see my back to warn other people and let them see that I must never fall up to a machine while the engine is running.

A dangerous machine that helps to be on a farm is a "trim and clean" machine. I must never leave the bucket in the air because it could fall down and the bucket could fall down on the operator.

Another dangerous machine is an "auger". Every machine on our farm could be safe if properly taken care of. Safety precautions are taken.

When grinding, I should add my

is it? This outfit apparently also dealt in the new

Three Families

He will be moving soon. Mr. Johanson has been Principal of Johanson School while Mr. Johanson has taught a kindergarten. Mr. Johanson is also active in the United Church, and in community affairs. The family will be greatly missed at the school. The Anderssons and Hemmingssons will be missed at the school.

The gathering was sponsored by the Chamber of Commerce.

Senior Citizens To Hold July Picnic

men Senior Citizens held their meeting on July 9th at the newly renovated club room in the Community Center. There were 45 in attendance, and all ad new cupboards and coat

Arrangements were made for

In the absence of Mrs. Susan Stewart M. C'd. the entertainment following the meeting. Mr. Klunger entertained with several

day of last week one man was killed in a two-car collision on 13 near the Shell Service Station.

Driver of the second car, 23, suffered minor injuries and was taken to hospital and released. There was no damage to the car.

ethge 50th Anniversary

A bouquet of yellow, bronze giant mums tipped with sparkles, from the bride, is placed on one side of the table. On the opposite side gifts from the eight grand children and

to many of their old friends. They were congratulatory messages and telegrams from Prime Minister Trudeau, Cliff Downey, M.P., Roland Stanfield, Henry A. Ruste, Minister of Agriculture, Gov.-Gen. and Mr. Michtner, Lt.-Gov. Grant McEwen.

In charge of the guest book were two granddaughters, Mrs. Lorrain Pryke of Wetaskiwin and Miss Cathy Bethge of Amisk. Lunch, wedding cake baked by the bride and groom's eldest daughter Mrs. Ne-

Cut-of-town guests were from North Battleford, Vulcan, Lethbridge, Hay Lakes, Edmonton, Westsaskatoon.

Irma, Walwright, Haghenden a
Hardisty.

Hardisty Socials

Mr. Ruth Miles and children of Sherwood Park have been spending some time at Hardy Lake, prior to going to the Coast for a better holiday.

Mr. and Mrs. Peter Stals and family, of Sherwood Park, are visiting at the Fred Drager home.

The Community Press

Independent, But Not Necessarily Radical, Is The Public Service
Established on July 18th, Nineteen Hundred and Eight

THE END OF AN ERA!

The Community Press has been sold, and for the first time in 53 years will be operated by someone whose name is not Eastly. The plant will be taken over on September 1st by Mr. Monte Keith, formerly of Sylvan Lake. Monte is young and full of "vitality," something we have run out of, and we are confident he will do a better job of serving the area. He is a member of the executive of the Alberta Newspaper Association and has years of experience in the newspaper and commercial printing trade.

It was in 1911 that my father, the late A. L. Eastly, took over the plant. My father, and I, took over the amalgamated plants in 1942. It has been a pleasant 27 years, mingled with some adversity, but for the most part fruitful and challenging. The years saw

We've Had Enough!

There is an old and true saying that you can have enough of anything. We seem to have now reached that point regarding wheat and the wheat situation. Because there is something wrong with the distribution system, we find that we have enough of that commodity.

But there is another area in which we find that we have had enough and that is in the matter of adulteration. Most cases are in adulteration, and we simply cannot afford, and up to the present time too many of our farmers have been told to talk so freely and so glibly of the freedoms which man should be free to enjoy. Forgive me, but I mean that there is no right with out a parallel duty and no freedom without the responsibility of the law. The time has come to put an end to mob scenes in Canada, firmly, and locally, and with force if necessary.

The dirty, ugly mob, waving statutory placards, shouting insults and obscenities, and raged around a Vancouver public building in which the Prime Minister spoke a few weeks ago should never have been allowed to gather in the first place. At the very least, once it had turned into an unruly mob, it should have been swept away from the scene, dispersed, and the place cleaned.

The mob was not there for the purpose of engaging in informal dialogue with the prime minister, and when he tried to exchange opinions with them, they hooted him down. Of course this was no more than could be expected of the demonstrators, who were entirely anarchist, and had no relevance to any Canadian cause. It was purely and simply another stupid attempt to use the Vietnam war, in which Canada plays no part, as a means to attack legitimate and organized democracy.

For the Prime Minister of Canada should not have to be exposed to this cheap sort of thing when he makes a public appearance. For that matter, no public official in this country should be forced to meek into meeting places through loud hooting and jeering. If we are going to believe the principle of freedom, surely it is

ABOUT MOST ANYTHING

by A. W. E.

Well this is the final column of a complete turnover of equipment and processes. Offer has been made to keep key people with times, and larger premises will be added to meet the increasing demands.

It also marks the end of an era. For the first time in over seventy-five years, no member of the Eastly family is in the printing business. We offer our sincere thanks and appreciation to our co-workers for their years of service, and to the public for their support. Our plans are for the most part indefinite at present, but if anybody has an idea about the future of the plant, we will be glad to hear it. It is a new beginning, and we are confident that it will be a better one.

There is an old and true saying that you can have enough of anything. We seem to have now reached that point regarding wheat and the wheat situation. Because there is something wrong with the distribution system, we find that we have enough of that commodity.

Farmers' Dream Gone Glimmering!

OTTAWA — Western farmers have dreamed of a guaranteed price of \$1.10 a bushel for their wheat. Political promises have been made by politicians seeking their support that a \$1.10 price per bushel was "reasonable" and would be achieved. "There is no justification for the price of bread," said the Minister of Agriculture. "The milling industry has no right to demand a higher price for its product." The milling industry has no right to demand a higher price for its product. The milling industry has no right to demand a higher price for its product.

Harder To Get Killed!

Governments and the law are combining to make it more difficult for motorists to get killed. They are doing this in spite of the fact that many motorists still fail to observe the warning signs of bad roads and crossings. In a recent report it was stated that during the first six months of 1949 there were 12,000 deaths on highways. Of these, 7,000 were suspended, 72 restrictions were imposed and 6 licenses can be called for life. On the surface this may appear harsh, but it is a move long overdue and has not yet been vigorous enough. The accident prone driver, the ones who drive and drink, and the drivers who are being progressively eliminated from the highways. This is the only way to save the safe driver.

Another sign that shows the continuing effort to save motorists from their own folly are the facts that during the last five

ABOUT MOST ANYTHING

I had indicated in the last issue my own prejudice that the culprit under my eyelids was the fatal one. Since that time the police, Mr. K. H. Brown, has been protected by grade separation and 23 have been protected by lights and bells. In a recent report it was stated that during the first six months of 1949 there were 12,000 deaths on highways. Of these, 7,000 were suspended, 72 restrictions were imposed and 6 licenses can be called for life. On the surface this may appear harsh, but it is a move long overdue and has not yet been vigorous enough. High Cost Of Fires!

The fall season is approaching once again. The time is here for cleaning chimneys, repairing damaged heating equipment, and inspecting the electrical outlets in homes and businesses.

"If only I had done the necessary precautions," are words of regret often heard following a fire. The results of a fire are outlined in the annual fire records for Alberta and for Canada. In Canada 138 homes are destroyed or damaged each year by fire, in many instances with loss of life. Fire strikes 40 commercial places each day and in addition to the waste of property.

The Home Stretch!

(Guest Editorial)
From the Nanton News

In the various types of races in life, very often the home stretch produces the decision as to whether we win or lose. A winning horse may be suddenly overtaken by a loser as the home stretch of the summer vacation.

WHAT TO DO WITH IT!

Indications point to another average or better wheat crop in Western Canada. Storage for the new crop is short, from the terminals right on down to the farm bins. What to do with the surplus is a question that is going to have to be solved right soon by somebody. With huge surpluses already on hand, and no markets available, storage becomes the critical issue. It is this surplus that is the problem in the next two years that will be a demand for the wheat in Canada today. But while this may solve the dilemma 2 years hence what do we do meantime? Storage without doesn't pay the grocery bill.

Unless rains improve the situation, many areas of Alberta will be closed to holdovers and hunters this fall. Extremely dry conditions have created a fire situation in the Province and already many park areas have been closed to travellers and campers. Extreme caution must be exercised by citizens in order to preserve our natural areas.

* MACDUFF REPORT

More Anti-Combines Laws

OTTAWA — The extension of the anti-combines law to cover professional services such as doctors and lawyers as well as professional agents and other business and professional services was recommended to the Canadian government by its Economic Council.

It called for a much tougher approach to the anti-combines legislation, but would exempt the interest of the consumer in an effective working economy.

It recommended a revised approach to anti-combines or competition policy based on the interest of the consumer in an effective working economy.

The Council's proposals would be to amend the anti-combines law to include all "business" activities of "organized" groups, including the "business" of professional services.

The Council's proposals would be to amend the anti-combines law to include all "business" activities of "organized" groups, including the "business" of professional services.

It was urged by the late 1949 International Conference on the subject of the anti-combines law, which was held in Ottawa, that the Government must take prompt action to amend the law to include all "business" activities of "organized" groups, including the "business" of professional services.

The Council's proposals would be to amend the anti-combines law to include all "business" activities of "organized" groups, including the "business" of professional services.

On the other hand, while government urges people to voluntarily accept restrictive measures, we find they themselves have little regard for the policy, to wit, the increase in the stipends of M. P's. It is safe to say there is little protest in Ottawa, even from the opposition. It is not a case of what is sauce for the goose is sauce for the gander, but simply that the "geese" keep on laying the golden eggs. How long will the geese continue to provide others with more than they have themselves? A repair job is necessary or the machinery will wear out.

The last time Parliament raised its own pay there was a bad reaction from the general public. They did not like the M.P.'s voting themselves a substantial boost in salary. M.P.'s have been hesitant about trying it again.

But with a new Parliament and a large number of new members, the younger backbenchers in the Liberal Party are eager and

He added that parliamentarians, because they were doing "a very crucial job" had to enjoy salaries at a level he described as "respectable." He did

Lodge Citizens To Game Farm

The citizens of Flagstaff I. L. enjoyed an outing to Al Orem's Game Farm on Saturday, September 20th. A thank you to Mr. G. Taylor (our bus driver) for taking us, and a thank you to the Axel family for making the trip possible, and thanks to Mrs. Upshall and Robertson for their help. Everyone had a wonderful time.

Mrs. E. Clarke had Sunday dinner at the Harry Manors.

Mr. and Mrs. Wilkinson of Linnac had visited with Mrs. E. and Hal.

SERVICE STATION

What Is A Deterrent?

Just what is a deterrent? The dictionary describes it as something which deters or prevents, and the attitude or prevention of the ones involved in any particular instance. The results of its deterrent also depend on the makeup of the individual to whom it is applied.

Youngsters administered a deterrent in the form of whiplashes and reactions as varied as the weather. While one accepts it as an age-old right of those in authority to take measures of physical punishment, others regard it as an outmoded exhibition of a bully and tyrant. Some children accept it and in fear of a repeat application repress their behavior accordingly, while others become vindictive and learn slyness in avoiding the hurt. Some really cannot be hurt, and all except physically, others are hurt by a verbal lashing, while still others can be effectively reached by appealing to their better instincts. We recall

witnessing a youngster receiving a strapping and his only reaction was, "You can't make me do that." Minutes later, the youngster alone applied to his better self, he was weeping all over the furniture. Human beings are a peculiar and complex creature, and many psychologists have made complicated livings by coaching people and delving into their inner recesses to see what makes them tick.

Carrying this deterrent business to older people and applying it to law, we find the same reactions. Hit one in the pocket book and you have inflicted a grievous wound; others laugh it off as a successful conclusion. They support it as a deterrent, but they do not want to be treated to another application of a confirmed criminal. Put one on his own good behavior and your trust is returned ten-fold, put another on similar terms and you have him down beyond endurance. All of which has led us to conclusions of our own which we express as follows hereunder.

The Purpose Of Laws!

Basically and primarily laws are instituted to regulate the conduct of society. The philosophy of this precept are the protection of those who make up our society, a forceful means of permitting people to pursue their course through life without hindrance so long as their means of doing so are within the code of right and fairness which have for so long been accepted as just.

People who transgress this course seldom, if ever, find themselves entangled with the law. Those who transgress the law to obtain their goals are the ones toward whom restrictions are aimed, and why the statutes for the social laws, when apprehended, are made aware of their crime against society, according to the magnitude of their offense the frequency of its occurrence.

The first time offender has more than likely made a mistake for which the application of the law will suffice. The repeater and the habitual is the person of another stripe, and why the statutes for the various offenses contain such wide variance in the severity of the punishment which may be applied. The severity of the punishment is the discretion of the presiding judge or magistrate. In his time of reading the charges and intention of the person standing before him. Heavy fines, light fines, jail sentences and other means of attempting to rehabilitate are in his keeping, and must be meted out judiciously with a view of first protecting society with the hope that the deterrent will rehabilitate the offender. Where there is the possibility of returning a man to society as a citizen who will obey the rules, this must be done; where there is no chance to be attempted, but where

the offender is a danger to society, the law must be applied. The first time offender has more than likely made a mistake for which the application of the law will suffice. The repeater and the habitual is the person of another stripe, and why the statutes for the various offenses contain such wide variance in the severity of the punishment which may be applied. The severity of the punishment is the discretion of the presiding judge or magistrate. In his time of reading the charges and intention of the person standing before him. Heavy fines, light fines, jail sentences and other means of attempting to rehabilitate are in his keeping, and must be meted out judiciously with a view of first protecting society with the hope that the deterrent will rehabilitate the offender. Where there is the possibility of returning a man to society as a citizen who will obey the rules, this must be done; where there is no chance to be attempted, but where

In the old days if a college student was caught drinking, the punishment was a fine or a suspension. Now the student is in trouble. Now is the time the dean's intervention is required. The rising young business executive had a hard day at the office. The buck was home quickly, the buck was home quickly.

Fire Hospitalizes 3 Couple Married At Heister

On September 20th, Mr. and Mrs. Bob Young celebrated their 35th wedding anniversary. Members of the family and a number of friends and neighbors called during the afternoon and evening to express congratulations and best wishes.

Mr. and Mrs. Frank Curtis of Calgary were recent visitors with Mrs. Lettie Kells.

Mr. Leo McClements is a patient in Kilham hospital with back trouble. Mr. and Mrs. Bud Young are in a strained holiday in Winnipeg as Mrs. Young's sister is in charge of the store.

A fire at the Paul Dringer home on Sunday, September 28th, caused three members of the family to be hospitalized. Mr. Dringer and his small son Evan were in the basement, cleaning the floor with an inflammable fluid, when the flames ignited from the furnace pilot light. Evan was badly burned about the hands and arms, while Paul received burns to the face. Mrs. Dringer was also taken to hospital suffering from shock. At last report, all are doing well. The hospital stay of Mrs. Dringer is expected to be about a week. Mr. Dringer is expected to be home in about a week.

Mr. and Mrs. B. Matthews visited over the weekend with Mr. and Mrs. Ray Sanders of Oshawa. The Ladies Auxiliary met in the Hall on Monday evening. Plans were completed for the Christmas of Commerce dinner and for the annual Remembrance Day to be held in October. It was reported that the dinner at Northgate will be catered to relieve Auxiliary members for that evening. Scholarship awards to Grade VIII students are to be presented on October 30th. Sunday's Communion was first place in this, with Donna Crane and Louise Guba sharing second. The annual Christmas gift to the Legion Hospital fund was \$100.00. The fund was served by Mr. J. McClements and Mrs. C. Kells.

Word has been received that the

Couple Married At Heister

Red Deer man killed in an auto accident recently was the son-in-law of Heister and Marie Heister, formerly Heister residents.

MEALS YOUNG PEOPLE ENTERTAINED AT PLASTASPPA HOUSE ON SATURDAY

The March young people entertained at the Heister home a wonderful program on Saturday afternoon. We thank you very

Mrs. Norman Ward and Mrs. Ted Archibald of Heister visited the Heisters.

Mr. Martin Johnson of Mill visited the C. Kintons.

Mr. and Mrs. J. Gershon visited Mrs. S. Kells, and she accompanied them to Heister for the Heister home.

A speedy recovery to Mr. Bush Heister, a patient in Heister hospital, is expected.

Mr. and Mrs. B. Matthews visited over the weekend with Mr. and Mrs. Ray Sanders of Oshawa.

The Ladies Auxiliary met in the Hall on Monday evening. Plans were completed for the Christmas of Commerce dinner and for the annual Remembrance Day to be held in October.

It was reported that the dinner at Northgate will be catered to relieve Auxiliary members for that evening. Scholarship awards to Grade VIII students are to be presented on October 30th.

Sunday's Communion was first place in this, with Donna Crane and Louise Guba sharing second. The annual Christmas gift to the Legion Hospital fund was \$100.00.

The fund was served by Mr. J. McClements and Mrs. C. Kells.

Word has been received that the

The young's attendance was M. Bill Stumacher of Heister as best man. James White (uncle of the bride) and Mr. Jim Burge (cousin of the groom) acted as ring bearers and Mr. Austin Archer as the best man.

The bride's mother was a mother of five. She was a mother of five. She was a mother of five.

IMPORTANT!
F.U.A. WEEK
NOV. 2-8th

Representation:
The FUA works on the former behalf to government and industry. Unless the 23 representatives in the Federal and Provincial governments have been made during the past year.
Through its Member Services Department the FUA assists member farmers in a variety of day-to-day problems and offers other services.

Savings:
FUA members can enjoy great savings on a variety of goods and services. Over the past two years, members have saved as much as \$100 annually in farm and auto insurance through FUA Insurance Plans. During the year, farm policy holders have saved \$275,000.

Unity through co-operation

Take part in local events planned for FUA week

Sedgewick FUA Local 844 MEETING on WEDNESDAY, Nov. 5th at 8:30 p.m. in the Legion Hall, Sedgewick. All members are requested to be present as it is "PAY UP NIGHT for FUA and Blue Cross Dues".

HARDISTY NEWS —

Man Loses Arm

HARDISTY — Leslie Sharkey was the victim of a farm accident on Friday, when he lost his right arm. He was caught in a power tillage implement while working in a field near his home. He was taken to the hospital where he underwent surgery. He is expected to make a full recovery.

John McNeill is home after a stay in hospital. He was injured in a fall from a ladder while working on his house. He is now recovering at home.

Archie MacNeil is home after a stay in hospital. He was injured in a fall from a ladder while working on his house. He is now recovering at home.

Sebastian and seconded by Joyce Fowler that the Treasurer be given a petty cash fund.

The Budget report was read by Mrs. Ray Tarleton.

The formation of Rangers was discussed as well as the formation of a Parents' group on whose resources the Leaders could draw.

It was suggested that further information be obtained from the Edson L. A. on their candy sale.

The next meeting will be held on Monday, January 13th at 7:00 p.m. at the home of Mrs. Ray Tarleton.

Please note: L. A. meetings are now being held every 2nd month, and all interested persons are invited to attend.

Volume 11 - No. 21

School Reports

AROUND CENTRAL

The Friday night report from Central High, Hardisty, shows that the school is doing well. The girls' basketball team is leading the league. The boys' basketball team is also doing well. The school is preparing for the Christmas season.

Young Scored Meet

DIPLOMA HONORABLE

27 had scored on November 27 at the Sedgewick High School. The students who scored were: [List of names]. The students who did not score were: [List of names].

Rapeseed Oil Has Practical Use

Consumers can use rapeseed oil in many ways as rapeseed oil is a versatile oil. It can be used for cooking, for frying, and for baking. It is also a good oil for use in lamps.

Edgewood Defeated at Hardisty

Sedgewick travelled to Hardisty on Friday, November 27, to play the Hardisty team. Sedgewick was defeated by Hardisty. The score was [Score].

County Buy Police Car

The regular monthly meeting of the Council of the County of Sedgewick was held on November 27, 1968. The meeting was held in the Council Chamber. The following items were discussed:

Large Deer Shot Near Hardisty

A large deer was shot near Hardisty on November 27, 1968. The deer was shot by a hunter. The deer was a large buck. The deer was shot with a rifle.

Edgewood Defeated at Hardisty

Sedgewick travelled to Hardisty on Friday, November 27, to play the Hardisty team. Sedgewick was defeated by Hardisty. The score was [Score].

County Buy Police Car

The regular monthly meeting of the Council of the County of Sedgewick was held on November 27, 1968. The meeting was held in the Council Chamber. The following items were discussed:

Edgewood Defeated at Hardisty

Sedgewick travelled to Hardisty on Friday, November 27, to play the Hardisty team. Sedgewick was defeated by Hardisty. The score was [Score].

PREVENTATIVE SOCIAL SERVICE HAS BECOME A HERE!

Preventative social services are becoming an increasing concern in our local communities. It is more urgent and of greater importance to prevent breakdowns in the social structure than to pick up the pieces afterwards.

The County of Plaflet No. 20 has sponsored a meeting on December 18th, with invited personnel to hear special guest speakers from the SedgeWick area. Mrs. Bob Wilson of the Presbyterian Church at Chabot and Rev. Herb Hinkle of the United Church in SedgeWick. The two represented the County of Plaflet No. 20.

A subsequent meeting was held on December 19th at the United Church in SedgeWick. The meeting was attended by the various communities in the area. So successful has been the project that the Board applied for and received the aid of a Director whose salary is 80% paid by the Provincial Government.

A subsequent meeting was held on December 19th at the United Church in SedgeWick. The meeting was attended by the various communities in the area. So successful has been the project that the Board applied for and received the aid of a Director whose salary is 80% paid by the Provincial Government.

Christmas Joy

Humble shepherds left their flocks in the fields that holy night, and sought the Babe whose birth angels had proclaimed unto them. They beheld him lying in a manger in the City of David, wrapped in swaddling clothes.

And from the East, following the brilliant Star, Wise Men came to adore, and to offer precious gifts to the newborn King.

Today, nations and peoples share in that first Christmas, in its boundless hope and its promise of peace, with joyous celebrations. May you and your loved ones keep the spirit of this holy season always in your hearts, perpetuating its strength and comfort.

SEASON'S GREETINGS FROM — Art Eastly, Elaine, Monte and Gordon Keith, Rick Truss, & your district News Correspondents.

Holiday Clean Up Hints

By Joe Barry, D. H. S.
WRAPPINGS can be discarded quickly and easily if you have a few empty containers close by. Dispose of them as soon as possible to prevent a fire hazard.
FABRIC HIBBONS can be used after pressing by being wound in a loop around the bottom of a wire hanger. Place this in the back of a closet where it can be retrieved for other packages, hats, boots and party trim.
Tinsel, ANGEL HAIR, how low tree ornaments should be removed before vacuuming. Large amounts of this material fill your vacuum cleaner bag; that much more quickly, and with some cleaners, they may cause damage.
ARTIFICIAL SNOW can be removed from mirrors and all doors by sponging with warm water. Vacuum regularly around areas where loose artificial snow is used for decorating. This prevents it from being ground into carpet.
TREE AND BOUGH SAP is sticky, which are difficult to remove. It can be prevented by placing a cloth or paper under the tree. Guard against getting relief tissue paper wet — otherwise it will come off.
CRANDIRRY or GRAY can be removed from items stained by soaked in cold water and washed in warm water. A suitable amount of chlorine bleach will remove it.

Each added pretzel grainy stars with Christmas food should be avoided.
"CANDY" WAX should be applied to lace or wood on shoes with a better body. Wash with a cloth or paper under the tree. Guard against getting relief tissue paper wet — otherwise it will come off.
CRANDIRRY or GRAY can be removed from items stained by soaked in cold water and washed in warm water. A suitable amount of chlorine bleach will remove it.

Attractive Hardisty Homes

This mobile home in Hardisty has a Christmas of warmth in the yard, its mid-century Christmas light, and Santa and his children are heading up a snow bank amidst the spruce trees.

One of the most brightly lighted homes in Hardisty caught the cameraman's eye. To the left is a giant Christmas card expressing the greetings of the season. Hardisty is having a Christmas lighting contest, but the results are not yet known.

A

season of peace, harmony, and love is upon us. Let us eagerly share in its blessings.

FESTIVE GREETING
by CLIFF DOWNEY, M.P.

The holiday season is with us again. Traditionally, these two weeks of Christmas and the New Year are a time of gaiety and celebration.

In the evermore conditions prevailing this year, particularly in Western Canada, it will be difficult for many to be gay or to celebrate with the optimism of past years.

However, I believe that, as Christmas passes and the year gives place to a new year, we can all look forward with reasonable hope to better times ahead.

I am grateful for the opportunity of assuring the people of the constituency of Battle River that I shall continue to do my best to be their voice in Parliament and to keep the national government constantly aware of their problems and their aspirations.

I wish you all the happiest of Christmas and a bright and rewarding New Year.

KILLAM HOSPITAL HOLDS CHRISTMAS PARTY

The Medical Staff and the Sisters of the Killam Hospital Complex, again sponsored the annual Christmas party for the staff members. The Hospital Board members and their guests.

"My festive decorations, varieties of delicious food and general holiday gaiety started off the evening of fun."

The groups from both hospitals in were entertained with comedy skits, songs and impromptu dances which were enjoyed by all. Christmas caroling in group closed the evening.

A MERRY CHRISTMAS

Hardisty Hardware Ltd.

Sedgewick's Main Street is really pretty this year. Brightly lighted spruce trees on the right of the street, and the Christmas decorations in the windows and gold lights. Since this picture was taken, frost has further adorned the branches of the trees, and about the countryside, adding a great deal to the beauty of the winter scene.

This Sedgewick home is prettily lighted for the festive season, with Santa in the front yard, a star and a Christmas tree atop the house, and candles lining each side of the doorway.

Lougheed Church Holds Clinic

Seasons Greetings to every one of you.

—Miss Lady Forsyth—

Mr. and Mrs. Dora Macbeth and Gertrude of Edmonton were recent visitors with Mr. and Mrs. Herb Loomis and her mother Mrs. Bertha Loomis.

Mr. and Mrs. Marvin Roberg took Mrs. A. Stuber to Nisku airport on Thursday where she left to go to Hamilton, Ontario to visit Mr. Clifford Roberg and boys, and Mr. and Mrs. John Stuber and family in Ottawa, Ontario for a couple months.

Mr. and Mrs. O. Probst brought on Tuesday of December, a Christmas party for the Christmas holidays. The party was held in the Church of the Nativity, Lougheed, the service being led by Mr. Art Lamberton. The nine lessons, based on the Christmas story, were read by members of the congregation. The service of the Christmas Carol service in the Old Country.

A Sunday School Clinic was held recently in the Church of the Nativity, Lougheed, with Mrs. Vera Hannah of Red Deer and Mrs. Patricia of Edmonton.

NIBBLES

Psychiatrists say you're perfectly normal if you're being mean and a little desecrated during the spirit of the Christmas Season. Like practically everyone else, you have a Christmas neurosis. It is also known as the "St. Nicholas Syndrome."

Sometimes, you are easy to please in the middle of a Christmas party you must go home. One psychiatrist says, "You can't go over what color balls should go on the tree and on Christmas Eve, so you must to wrap the last of the gifts, there's a burst of tears. One psychiatrist says, "Christmas puts on unusual airs on otherwise happy people." It creates very high expectations, some so high that reality can never really match them.

It is inevitable, the realities of Christmas cannot sharply with the highly fantasized memories of childhood Christmas.

Inner conflicts arise when people try to act in ways they feel they should not. The more things in the world to be told to be happy and feeling when you don't feel that way.

Some particularly noticeable symptoms of this inner conflict are: families during the holidays, when by giving friends and relatives, buying gifts, making favorite foods and decorating the house.

Many Tributes Honour Sedgewick Old-Timer

Hilda Marie Hansen (nee) was born in Pauke Norway on April 23, 1884.

On November 16, 1962 she was united in marriage to Ole John Oshack and to this union eight children were born.

In 1922, the family emigrated to Canada and "Betsen" as she was known to many, lived in the Sedgewick district among her family until the last five months which she spent in the Auxiliary Hospital at Killam. Hilda was a member of Bethesda Lutheran Church, the Bethanias Ladies Aid and a Church member of the Prince of Peace L.C.W. in Sedgewick.

She died in St. Mary's Hospital, Camrose on November 12 at the age of 85 years, 8 months and 19 days.

She is preceded by her husband, 2 daughters and 3 sons. Her son, Hildebrand, is remembered by her daughter Therese and her husband Gordon Taylor; her son Hans and his wife Myrtle of Killam and her son Ed and his wife Edith of Sedgewick. She will also be remembered by her grandchildren: Hans Paulsen; Ole Hansen and 11 great grandchildren.

THE MAN! The man behind it all was the Canadian style scene, for those weeks it made little headway, but now all things conditions are "in" for the man with many Canadian gals will wearing their skirts under the present-looking man. A popular man in the white, wet - TTS Photo

A HOMEY ROOM FIFTY YEARS LATER
Fifty years after their marriage, Mr. and Mrs. Cyril Volden of West Vancouver were still on a holiday trip to Hawaii.

A surprising anniversary in the West Vancouver started the two-week celebration, when the couple left their home for the first time in 38 years. Hosted a party for 50 guests. The couple's daughter, Mrs. L.V. Gardner of Etna, Calif., and Mr. Dick Decker of the Vancouver, presented their parents with a family album containing 800 pictures of their couple and their children and seven great-grandchildren.

Tucked inside the album were the tickets for their Hawaiian honeymoon.

To have a place small in your Christmas day, try placing place cards on a plate and put in the oven for a few minutes. These cones upon you and could be used for last minute decorations.

"Independent, But Not Necessarily Right, In The Public Service"

Let's Stop This Petty Bickering!

This is the time of year when we look back on our sins and misdeeds of the past & make resolutions to try and do better in the future. While we have our own ideas about what resolutions are important, I believe there is one that every member of this community should make. It is to stop this petty bickering that has been the subject of bitter words in many parts of Canada. It is understandable that some of us, living in an area where little French is spoken, are apt to be annoyed when we receive French documents and forms in French as well as English. Some miss a great hue and cry when they hear, upon occasion, a voice answer in English after French on a federal government telephone. Others see something insulting about the French inscription about the English inscription on a penny wreath at our national museum.

Let's resolve to stop this petty bickering. It is doing great harm and, as long as it continues, it does a serious disservice to the continuation of Canada as a nation.

As an individual and as a member of this community, I feel that we should do everything we can to conserve and protect national unity. Personal prejudices which are

adding fuel to the flames of controversy and providing ammunition for the just & make determined to effect the break-away of one province to form a separate state.

The Legion includes in its membership several thousand French speaking Canadians who, by the way, speak a Canadian French language known as Quebec French. Many of these people are not others suffered disabilities because of their French speaking comrades. In action they were not concerned with one another and who went first, but when they were, rather than for the country in which they were, others happened to be born.

The year 1970 could be a crucial one over this issue of "Nationalism." The future of Canada is at stake with the French inscription about the English inscription on a penny wreath at our national museum.

Let's resolve to stop this petty bickering. It is doing great harm and, as long as it continues, it does a serious disservice to the continuation of Canada as a nation.

Beef Cattle Outlook!

An end to the downward trend in beef cow numbers is forecast for Alberta in 1970. According to information we have received from officials of the Provincial Animal Industry, nearly 80,000 fewer beef cows were marketed in western Canada during the first 11 months of 1969. Alberta marketed 40,000 fewer cows and at the same time kept back 10,000 fewer, leaving a total of 100,000 fewer cows in 1969. Alberta marketed 40,000 fewer cows and at the same time kept back 10,000 fewer, leaving a total of 100,000 fewer cows in 1969.

A 20 percent drop in cattle exports to the U.S. and a 50 percent drop in cattle exports to other provinces were also reported in 1969.

Skunk Smell!

You don't have to be the cause of a smell. Editor Earl

and cigarette smoking, the tobacco people are placing blame on the smokers. It is the actual mechanism of causation is yet longer, the statistics which link cigarette smoking & lung cancer really mean nothing.

In other words, unless they actually see the skunk emitting his scent signal they cannot say it is the skunk that causes the smell of skunk.

* MACDUFF REPORT Six Cow Man Is Out!

OTTAWA—Members of the House of Commons Committee on Agriculture got off to an awkward start last week when members attempted to find out from Agriculture Minister J. D. MacDuff how many producers can make more money in the next year with smaller total income and no more for increased prices.

The answer given simply is that industrial food production should be cut to conserve resources. It means that the government is going to have to get out of the business.

In a separate hearing the Committee Mr. MacDuff pointed out that 50 million of the available supply would be destroyed if the government were to get out of the business.

He also pointed out that 50 million of the available supply would be destroyed if the government were to get out of the business.

He also pointed out that 50 million of the available supply would be destroyed if the government were to get out of the business.

February A Busy Time for Brownies

Eleven Indian were present at the regular meeting of the Klans on Thursday, January 22, 1970. The girls met every Monday night at the home of Mrs. K. H. Henshaw at 1011 1/2 St. N.

A discussion was held regarding the formation of a Klans group (girls aged 10 to 18) in the Klans. It was decided to go ahead with inquiries as to sponsors for the group and the number of girls interested.

The Brownies and Guide leaders reported they felt the girls could be of great help to the Klans. They reported the girls were doing well in the Klans. They reported the girls were doing well in the Klans.

The Klans were held for the Klans. They were held for the Klans. They were held for the Klans.

Albertans Can 'Opt' Out On Medicare

(By Tom Caw)

Medicare beneficiaries now have to register and pay all the tax premiums before the province will allow them to opt out of Alberta's new health care insurance program.

This means that before an individual can obtain his optional card, which will have to be re-issued each year from the health commission, he must first

swearly, there will be reactions to his bill.

The provincial government may reduce its school construction grants offered to line with recommendations at a conference report dealing with the school costs.

Education Minister Robert Clark was commenting on an education committee's report which said financial support

TWO MEN ON BURNING IN VERNON-VANCOUVER CONFEDERATE

Tom men declared themselves to the running for the nomination of the Progressive Conservative candidate for the Vernon-Vernon constituency. Mr. Charles Henderson of Vernon and Mr. Tom Newburn of Vancouver.

Mr. Henderson was elected member of the annual meeting of the association held in Burnaby March 20.

The meeting also decided on its constitution and found the date of April 29th for the nomination convention in the new legislature's 100th hall.

Walsh, Roy Edward Anderson,
Donald Robert Peterson, Tony
Erickson, Donald Hart, Mr.
William Reid

OH DEAR, WHAT CAN THE MATTER BE?—A large
crowd in a place under the County Office corner last
week and what caused it is anyone's guess. A sign
could be caused by a building, setting, action, or an
as for a spawning egg in throwing grain.
This is the time of year when all three are likely to
happen. It is also the time when youngsters go "planting".
Spenders with 17's. Other outsiders on electric wires are
so targets for young marauders. Needless to say, it is
a dangerous practice and can cause property damage and
even loss of life.

An Evening With History
On Wednesday evening, Mar.
24th an enthusiastic group of
Antiquaries and History Society
members met in the United Church
hall in Sedgewick for a
monthly meeting of the
club. For the past several
years, the club has been
celebrating the 100th
anniversary of the
famous history of
Mr. Harry Potage, Chairman
of the Antiquaries and History
Society, had prepared a most
enjoyable evening. After tea
and talk, Mr. Potage took
off very much the part of an
entertainer and collector's items
were on display and created a
great deal of interest. The
main feature of the evening
was a fashion show of
typical. A cap and gaiter
and a pair of trousers were
worn by Mrs. Potage. The
club members were very
impressed with the show.
The evening was a great
success and the members
were very much pleased
with the results.

COUNTRY COUNCIL
(Continued from front page)
was moved that the application
be referred to the committee
on the 11th of the month.
A. E. Whitford, Shop
Baker, met with the
club members and the
club members were very
impressed with the show.
The evening was a great
success and the members
were very much pleased
with the results.

Report Suggests Tax Farm Home

by Tony Cass. Far residents could be subject to municipal property assessment and taxation if a complex report submitted to the Legislature is approved.

City Council member F. C. Calhoun says the proposed tax reforms will not be debated by the Legislature until next year because it would take the time to study the impact of the technical special committee document.

The special committee wants all dwellings, including farm homes, to be subject to the same tax rules for municipal tax purposes.

Another recommendation has church lands and buildings,

percent on 30-year mortgages. The same arrangement applies to apartment owners who agree to rent their accommodations at low rates.

The legislative method will offer land rental purchases to an attempt to reduce the interest down payment for less income-earning buyers. The move is an attempt to encourage the building of housing for families earning less than \$5,000 annually, says J. M. Calhoun.

It could reduce house ownership or semi-detached three bedroom units costing an average \$10,000 including land (for a down payment) of only \$500 with rental income of \$100 per month.

AT WAINWRIGHT

While the symposium was held in Washington on April 11 and 12, its purpose was to develop recreational leadership and uniformity in rules in this sport. It was particularly emphasized that both umpires and coaches are responsible for promoting the sport. They should form a team in providing leadership in sportsmanship. An umpire should work through the coach who in turn assists the coach in every way. Too often umpires have only been looked upon like spectators.

members and adults of the club attended the public speaking

The club was seen back on schedule on April 7 when the club held their regular meeting at the Hattie Bred School. The meeting was called in order when Ranch Van Boushuyt of the chair and leading the people. The roll call was answered by telling the weight and kind of feed per day by all members. All decisions were discussed and it was decided to make future decisions next meeting. All the members were given a good dose of their project book and told to be informative. All the

"Independent, But Not Necessarily Neutral, Is The Public Service"

Our Wildlife!

National Wildlife Federation is now just, yet the news from Vancouver Island Wildlife Federation that 65 species of wildlife in Canada are endangered by human activities. The population of wildlife are barometers indicating environmental quality and a greatly reduced population of any species may be a certain sign that the health of our environment is failing.

Too little research on the biological implications of DDT in the early days of its use has imperiled falcons, prairie falcons, bald eagles, ospreys and many other large birds of prey. DDT, a persistent poison, causes birds to lay eggs with shells so thin that they either break, or become dehydrated during incubation. Bighorn sheep must compete with cattle for food. Their ranges often crisscrossed out in the summer by grazing cattle, frequently cannot support the sheep in the winter. The prairie, complicated by parasitism and disease takes heavy toll. The blue pickerel, a subspecies of the normally yellowish pickerel, once flourished. It may be extinct today, a pollution victim.

Canada's otters had been exterminated by hunters years ago. Last July sea otters from Alaska were given another chance.

What Does This Mean?

What does this mean to people? Does it mean, perhaps, that our sons and daughters will be somewhat less alive for having birds and animals only in picture books, never live on foot or wing? This may not be mere idle speculation. Man is genetically committed to a deep and vital interest in wildlife. The reason is that man evolved as a hunter who survived only because he was knowledgeable in the ways of wildlife. Today, although man no longer relies on wild animals for food, he may rely on the hunt for his mental health. To maintain sanity in this crowded, polluted, artificial world, man may occasionally need to watch the duck breaking for a watery landing at dawn, or hear the coyote howling in a moonlit night. The wildlife has inspired artists, novelists, poets, and have been important to medicine on being domesticated, such as mules and horses.

Modern man owes his very existence to the fact that a primitive, tool-making primate named Australopithecus wasn't exterminated, for Australopithecus evolved into Homo sapiens. By the name taken, a species exterminated today comes to an evolutionary dead end. Every species alive today has the potential of evolving into many species in the future, but only, of course, if it avoids extinction.

Extinction need not be inevitable for endangered species. In the past, beavers, muskrats, the pronghorn antelope, fishers, the prairie buffalo, martins, greater snow geese, trumpeter swans and Ross geese faced extinction in Canada because they were hunted too heavily and suffered from human mistreatment of the land. All these species were rescued when men passed protective legislation.

portunity in Canada when they were released into Vancouver Island. But their fur may get the sea otter into trouble again, if an oil spill occurs off their coast. They will surely die for oil destroys the insulation provided by dense fur.

The wolf, prairie dog, ferret, turtle, coon, kit fox, fox snake and pine martin, the prairie chipmunk and many more species have been unable to compete with various forms of human misuse of the environment. Some of them are already practically extinct in Canada.

With few exceptions, no one intentionally harms these species. Rather, human came to them gradually and subtly. As Canada's population grew, industrial and agricultural production increased and technological advancement outpaced our ability to control them. Prairie poisons were drained so that more crops could be put into production; more dams were built to provide more electricity; more and more forests were needed to make automobiles; more and more deer and antelope were produced and more suburban shopping centres and airports sprawled over the land. Pollution increased, wildlife habitat decreased. Inevitably many of our species of wildlife, vulnerable against civilization, virtually disappeared.

Getting younger ever since we've left the habit, but it's not just the young who are being hurt. The old are being hurt too. The old are being hurt too. The old are being hurt too.

tion and established reserves. They now exist in large populations which ensure survival. Nevertheless, there are still 65 species endangered by man in Canada. They are certainly a symptom that their environment is losing its ability to support life. And their environment, remember, is shared by another species, man.

NOT POLITICAL DOPE SHEETS!

The Canadian Weekly Publisher, our Association paper, reports that carrying the members of parliament's column in weekly newspapers in one Ontario riding blew up quite a bit of storm when two weeks refused to carry the column.

One M.P. grew critical and suggested the Senate investigating committee should look into the dissemination of news. With animals as mice and humans as cats. The weekly cancelled the column.

Reports from Parliament Hill should be just that, reports more — a report of the happenings in parliament, and development of personal opinions.

The Community Press has recommended today comes to an evolutionary dead end. Every species alive today has the potential of evolving into many species in the future, but only, of course, if it avoids extinction.

Extinction need not be inevitable for endangered species. In the past, beavers, muskrats, the pronghorn antelope, fishers, the prairie buffalo, martins, greater snow geese, trumpeter swans and Ross geese faced extinction in Canada because they were hunted too heavily and suffered from human mistreatment of the land. All these species were rescued when men passed protective legislation.

Sixty Girls Attend The Killam C.G.I.T. Rally

Approximately 60 girls from Killam, Stettin, and other nearby towns, attended the C.G.I.T. rally held at the Killam High School on April 11th.

Following a brief get-together and period of singing, the girls were divided into three groups, each with a singing lead by Mrs. J. H. Stover.

Hot chocolate and cookies followed. The girls were divided into three groups, each with a singing lead by Mrs. J. H. Stover.

Following a brief get-together and period of singing, the girls were divided into three groups, each with a singing lead by Mrs. J. H. Stover.

Sedgewick and District News

Cal Chapman and David Trevelyan attended the Presma's School in Verdun from May 1 to Friday last week. They were among six persons who took the various aspects of fire fighting, inspection, equipment use, and live reports.

Mr. Fred Sparrow, and Mr. and Mrs. Don Tisdale and boys were in Red Deer over the weekend at the Don Sparrow

Mr. and Mrs. Harold Christensen, Jr. and family spent two days of last week in Edmonton with relatives and friends.

Mr. and Mrs. Hugh and children of Edmonton are spending a few days with her parents, Mr. and Mrs. Irving Morgan and family.

FUNERAL SERVICE FOR HAROLD BIERKEN
Funeral services for Mr. Harold Bierken who passed away suddenly on April 28, 1970, at 41, were held on April 29, 1970, at the Kilham Presbyterian Church at 2:30 p.m.

The pastor was Mr. Gordon V. King who sang the hymn, "My Hand Prevails."

Mr. Harold Bierken was born in Frodoch, Norway. He came to Canada in 1929 from Norway. He was married to Christina Walter of Killam in 1929. He was past member of the Sons of Norway and a member of the former Kilham of Killam. He has in Norway his late, but loving wife and one son Robert of Killam, one daughter Norma Mrs. Norbert Beyer, Viking, and six grandchildren, Gordon and Heather.

Mr. Pathner was, Arthur P. Filds of Sedgewick and Mr. Harry O'Brien of Killam and his brothers, Louis Anderson and Percy, Elmer, Harold, Ernie, Oliver, Al, and Harold, were in the Kilham Cemetery.

Mr. and Mrs. Paul Filds were in the Kilham Cemetery.

Plagiat Auxiliary Meet
The Plagiat Auxiliary met last Monday evening, May 11, at the offices of the County office.

Mrs. Grace Robertson, President, was in the chair to conduct the meeting. There were seven members present.

During the course of the meeting, Mrs. Robertson reported on the annual Bazaar, and plans were made to hold the bazaar on Saturday, October 31, from 12:30 to 4:30 p.m. in the Plagiat Lodge.

A lovely lunch was served by Mrs. Martin at the close of the meeting.

Mrs. Gordon Taylor returned home Tuesday evening last after visiting at the home of her daughter and son-in-law, Mrs. and Mr. Gordon Taylor, who are in the hospital at Victoria, B.C.

Mrs. Hana Olson of Killam is visiting at the home of her son-in-law, Mr. and Mrs. Carl Meyer.

May County Meeting

The regular monthly meeting of the Council of the County of Flagstaff No. 2 was held in the Council Chamber of the County Office, September, Alberta, on Tuesday, May 13th commencing at 8 p.m. with the singing of the hymn and the prayer.

The meeting being held two days in advance of the regular meeting date due to weather conditions. The meeting was held in the Council Chamber of the County Office, September, Alberta, on Tuesday, May 13th commencing at 8 p.m. with the singing of the hymn and the prayer.

Mr. Grant advised that he had not yet been able to meet with Mr. Harry Anderson regarding the Morris School grounds.

Minutes of the meeting of the Council of the County of Flagstaff No. 2, held on May 13th and 14th, 1970, indicated that the original two acre parcel had been donated by Mr. Corbin as a school site on condition that should the trustees change the site of the school, the land would revert to Mr. Corbin and

the building rates set out by the Provincial Government.

Further discussion ensued with respect to the purchase of a Blumensaat Distributor Tank and it was moved that an order be placed with Quinlan Equipment Co. to purchase the tank dated April 24, 1970 for a 2,000 gallon distributor tank at a cost of \$11,700 with delivery to be made as soon as possible and not over six weeks time.

The meeting adjourned at 1:30 p.m. to meet again on Friday, May 15th at 8 p.m.

County Meeting, May 19th. The adjourned Council meeting of May 13th recommenced in the Council Chamber of the County Office, September, Alberta, on May 19th at 8 p.m. Mr. Lloyd Watkinson, District Commissioner, was present.

A list of the five outposts on hand within the County was reviewed by Council, the list indicating that 219 fire extinguishers were owned by the County. It was agreed that with this many on hand it did not seem necessary to purchase further extinguishers but distribute the ones on hand where they were needed.

Council was advised that the Articles of Agreement covering an expenditure of \$100 to be made and approved the road from the NE 31-441 East eight and one-half miles, \$10,000 of which would be borne by the Dept. of Highways and the other \$10,000 by the County, had been received. Moved that the County be authorized to sign the Articles of Agreement on behalf of the Council, carried.

A. E. Whitham, Shop Foreman, met with the Council and advised them of the price he had obtained with regard to a roof for the building of houses for service men, with transmission oil, motor oil and grease.

He also discussed with them the light plant required for the road construction crew camp. It was agreed that if a generator could be obtained with a reasonable motor, that this type should be purchased.

The purchase of pyralid teeth for the packers recently purchased was also discussed with the Shop Foreman. After some discussion, it was moved that a Committee be set up to visit Edmonton for the purpose of investigating and purchasing, if found, a light plant for the road construction crew, the investigation of prices for pyralid teeth for the packers and if there was any truck available on which the Blumensaat Distributor tank, subsequently purchased by the Council could be placed.

T. C. Graham of Curtis & Graham, Stems, met with the Council regarding the new 4-8 Caterpillar tractor and scraper for the 1970 season. He indicated that he would hire the Caterpillar tractor and scraper in the County at Government rates, less \$100 per hour for fuel, less \$100 per month on the County Foreman's wages for servicing and handling after the two pieces of equipment. Council agreed to hire the Caterpillar tractor and scraper from Curtis & Graham.

Notice was received from the Dept. of Highways & Transport that the existing bridge located south of SW 3-113 Wt would be widened from 11 ft. to 27 ft. clear roadway.

The report of Constable Vandermore for the month of April, 1970, copies of which had been distributed to all Cirs was accepted.

An account in the amount of \$200 was received from the Village of Alliance covering a bill made by their fire department to the State Member farm on the HWY 11-0-13 Wt, was approved for payment.

The Council were informed that the Highway Traffic Board of the Province of Alberta, had recently approved an increase in the gravel hauling rates. It was moved that the gravel hauling agreement of the County be amended to agree with

"Independent, But Not Necessarily Neutral, in The Public Service"

Annual Clean-up!

We should all become involved in an annual clean-up. Main purpose is to beautify, but a useful by-product is to reduce the fire risk. Most communities provide for this by precluding one week, as a clean-up period. Local Boards of Trade or Town Officials take the lead in this program, and it can vary according to local conditions. There are many important things but we wish to relate certain activities associated directly with the fire hazard. Once these areas are dealt with much of the beautification will follow naturally. Land clean-up & brush burning is done in the past by the fire brush firms and forest fires. These frequently involve buildings. An important rule is never burn without a permit from the fire hazard.

Many of the beauty of the landscape is lost when it is destroyed because of fire.

Rats - The Wastrel!

Purely apart from freedom from diseases that can be carried by Norway rats (and this is not to be dismissed lightly) Alberta residents saved an estimated \$30 million last year on stored grains, food stuffs and storage facilities. These savings were achieved through the combined efforts of an alert public and a variety of vigilante pest control officers along the province's eastern border.

Many rat control programs have been increased along that 150-mile defence line between the United States and Saskatchewan. To cope with this situation we must be extra thorough this year in extermination programs. Since most of the rats have been settled in and around urban and farm buildings, disposal areas and other places where food and shelter are available, there are good opportunities to get to the rats and exterminate them. We all should be observant and check for new burrows, unusual gnawings, etc. and report them.

This Is Justice?

(Gord Geisel)

At the beginning of 1970 the old age pension was raised from \$70-\$80 a year to \$75-\$85 a year. The old age living index had gone up five per cent. The pension now stands at \$95-\$100 a year.

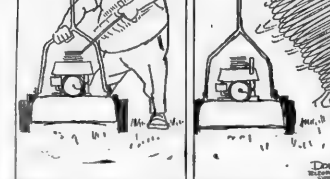

Most of the opposition to the pension scheme that works something like this: After six years service, the MP gets \$8750 per year for life; eight years service \$9000 a year; 10 years \$9500 a year; 12 years \$10000 a year. If he is defeated or quits, he gets \$5000 a year; if he dies in 25 years in the House he'll get \$10,000 a year for the rest of his days on earth.

Most of the opposition came from NDP members Max Saltman and Stanley Knowles. Not one of the parties, as a party, took a stand against the MP's generous pension plan. Yet various members of every party in the House of Commons have been known to make impassioned speeches about the pension of the clerk. If a speaker should happen to be a member of an opposition party, the more likely he is to deliver a tirade with compassion for elderly citizens.

Blonde: Did he say my legs were without equal?
Brunette: No, he said they were without parallel.

He who learns the rules of wisdom without conforming to them is like the man who plays his field but does not sow.

* MACDUFF REPORT

Canadian or Pseudo Canadian!

UTAHNA - As a result of a Canadian Radio Television and Communications Commission decision, every Canadian will be able to watch the same Canadian produced television shows this fall.

But where he will determine whether the viewer wants these shows or would prefer U.S. programs which the Canadian shows will be replacing. The CRTC, the government's agency for controlling broadcast television, has decreed that the viewer will have to choose between the Canadian television service across the fall. The broadcaster can demand but accept this ruling. However, the decision is being announced in presenting the shows with audience appeal to the fall. The CRTC is also the fall. The CRTC is also the fall. The CRTC is also the fall.

For the past several years, we have saved \$1000 this year for every dollar spent on rat control is not to be dismissed lightly. Alberta residents saved an estimated \$30 million last year on stored grains, food stuffs and storage facilities. These savings were achieved through the combined efforts of an alert public and a variety of vigilante pest control officers along the province's eastern border.

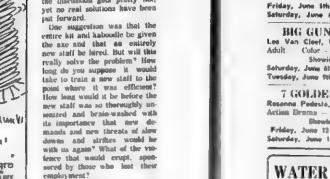

Many rat control programs have been increased along that 150-mile defence line between the United States and Saskatchewan. To cope with this situation we must be extra thorough this year in extermination programs. Since most of the rats have been settled in and around urban and farm buildings, disposal areas and other places where food and shelter are available, there are good opportunities to get to the rats and exterminate them.

We all should be observant and check for new burrows, unusual gnawings, etc. and report them.

At the beginning of 1970 the old age pension was raised from \$70-\$80 a year to \$75-\$85 a year. The old age living index had gone up five per cent. The pension now stands at \$95-\$100 a year.

Most of the opposition to the pension scheme that works something like this: After six years service, the MP gets \$8750 per year for life; eight years service \$9000 a year; 10 years \$9500 a year; 12 years \$10000 a year. If he is defeated or quits, he gets \$5000 a year; if he dies in 25 years in the House he'll get \$10,000 a year for the rest of his days on earth.

Most of the opposition came from NDP members Max Saltman and Stanley Knowles. Not one of the parties, as a party, took a stand against the MP's generous pension plan. Yet various members of every party in the House of Commons have been known to make impassioned speeches about the pension of the clerk. If a speaker should happen to be a member of an opposition party, the more likely he is to deliver a tirade with compassion for elderly citizens.

Oldest Citizen Passes

Margaret Jane died passed away May 21st, 1970 in Kildara hospital. Margaret Jane was born at Avening, Manitoba on February 18, 1872. Her husband was George Bay, Minister in the 1920s. Margaret Jane was married to John (Dad) Bay, who was a well-known farmer and businessman. She was the mother of several children, including George, who was also a prominent citizen. Margaret Jane was a devoted mother and a kind neighbor. She passed away peacefully at the age of 97.

Mr. and Mrs. Ed Hansen, of 1817, 18th Street, and Mr. and Mrs. Doreen Hansen, of 1817, 18th Street, were the hosts for a luncheon at the home of Mr. and Mrs. Doreen Hansen, of 1817, 18th Street, on Sunday, June 14th. The guests included Mr. and Mrs. Doreen Hansen, of 1817, 18th Street, and Mr. and Mrs. Doreen Hansen, of 1817, 18th Street. The luncheon was a very successful one, and all enjoyed it very much.

Mr. and Mrs. Doreen Hansen, of 1817, 18th Street, were the hosts for a luncheon at the home of Mr. and Mrs. Doreen Hansen, of 1817, 18th Street, on Sunday, June 14th. ## Elks Barbecue, Dance and Social Evening - Saturday, July 2

"FACE AT LAST..." THE CAMP-FIRE MEMBERS OF CAMPERS IN THE GREAT NORTH. FROM LEFT: THE MEMBERS OF THE CAMPERS.

# The Community Press

Established on July 10th, Nineteen Hundred and Eight  
"Independent, But Not Necessarily Neutral, In The Public Service"

## Land Of Plenty . . .

After travelling through a good portion of south-eastern Alberta during the last week, one can only come to the conclusion that we live in a fertile part of the province. The usually heavy fields of grain and hay of central Alberta have reached a recent growth. By this time of the summer, pasture land in the Coronation-Hanna area is usually turning brown, likewise the Battle River hills.

## Stupid Vicious Circle . . .

Remember the good old days when you hired somebody and paid them on the basis of ability and past performance? You don't think that anymore, Oh, no. You pay personnel on the basis of just how much they need. A man, magazine article depicted the plight of a man whose union was on strike for higher wages; the tone of the article was: "this guy's got six kids; how can anyone expect him to work?"

Without any intent of facetiousness, we can see the day when a tictet-taker at a theatre decides he needs a color television set. We must therefore pay him accordingly, not because his work justifies it, or his job demands it, but because he figures he needs it.

Now why should a tictet-taker make enough money to have a color television when a carpenter for example who has sacrificed to train himself, whose job requires skill, has just finally worked his way up to the position where he can afford one? Now here is the incentive for the carpenter to go to work and become a carpenter when he could be a responsibility-free tictet-taker without a worry in the world.

It's about time we sat down and decided that a job is worth so many dollars. And that's a guy who does a better job of it than

### \* MAC/DUFF REPORT

## Prices & Wages Controls Maybe

Welfare legislation, public control measures and consumer protection proposals are all being considered by the government. The government is also considering legislation to control the price of food and other necessities. The government is also considering legislation to control the price of housing.

Mac/Duff, Minister of Agriculture, said that the government is considering legislation to control the price of food and other necessities. He said that the government is also considering legislation to control the price of housing.

**Exciting things are happening at Calgary Brewing!**

Our water is nearly as famous as our beer!

The water used in the production of our beer is taken from the heart of the Rocky Mountains. It is filtered through layers of granite and limestone, and then flows through a series of natural filters. The result is a pure, refreshing beverage that is as healthy as it is delicious.

Be brewed by beer lovers for beer lovers.

## Work Starts on New Hall for Killam Scouts

KILLAM—The regular monthly meeting of the Killam Scout and Service Group Committee was held in the United Church basement hall with 18 persons present. The meeting was presided over by the Scoutmaster, Mr. Doug Stewart, and the Scoutmaster's assistant, Mr. Doug Stewart. The meeting was held on September 10th at 7:30 p.m. in the United Church basement hall. The meeting was held on September 10th at 7:30 p.m. in the United Church basement hall. The meeting was held on September 10th at 7:30 p.m. in the United Church basement hall.

At this point, we were reminded of the fact that the hall which was completely destroyed by fire at the end of June is now being reconstructed. The new hall will be a two-story building, and it is hoped that it will be completed by the end of the year. The new hall will be a two-story building, and it is hoped that it will be completed by the end of the year. By joining their daughter and husband Mr. and Mrs. Vance DeLoe.

Mr. Gregg MacLennan from Remy's visited at his parents' home the Lyle MacLennans on Monday.

It was in the district senior opera, last night this week, at the Lyceum, that Ed and Lyle MacLennan and Mrs. Glad Brantland and Mrs. Hans Torgue were welcomed together with friends with their daughter, Mrs. Margaret Torgue.

Some College students visiting their parental homes for a short time had Mrs. Lyle Anderson, Clarence and Edna Anderson, and Miss Lyle Anderson from Red Deer, and passed at the Lyle MacLennan home. Also Mr. and Mrs. Orville Benson and family.

Mr. E. W. Allen from Ed-

KILLAM

Students from Killam Presbyterian at Killam expressed dismay at the ministry of the church. Killam has acted as a refuge for religious intolerance. The Killam school grades 3 to 12 curriculum material used in the classroom is full of hate and of print and record that the church supports. Approval of this for future years was given.

Following students at Killam are the following average in grade 12 exams and are the top 10 for the Killam scholarship and answer by the church.

School

## The 1971 Capri. A very reasonable \$782.00

That's all. For just \$782.00 you get a machine with a track of robust steel chassis, that's guaranteed for two years. Dual headlights. A welded body. Stronger steel. This Control cabin that virtually never freezes and a suspension system that makes big bumps like lumps. And the best thing a Mini-Sub Capri has, is a price tag of just \$782.00.

Drive by. And we'll show you.

## Sedgewick and District News

Mrs. Ed Simons moved to Seattle on Thursday to spend the day with her daughter and family. Mr. and Mrs. Grant MacPherson and children, Mrs. Stuart Cameron accompanied her.

Mr. Donald Lewis and Mr. and Mrs. Bill Lewis were business visitors with her brother, Constable Dale Dye at Merritt, B.C.

Several from Sedgewick attended the Silver Wedding anniversary celebrations in honor of Mr. and Mrs. Cliff Mackinnon held at Kinross last Saturday evening.

Mr. and Mrs. Allan Bradley visited over the weekend with their son Bill at Blackfries.

Mr. and Mrs. Elmer Johnson of Edmonton were visiting in the district over the weekend.

Mr. and Mrs. James Walsh are the proud grandparents of a new grandchild, born to Mr. and Mrs. Grant Hester of Heilbronn on September 28th.

Mr. Leroy Jay and a friend, from Minneapolis, Minnesota, were visiting at the Freeman Hotel here, along with the Jay boys, who left with them on a trip to Vancouver to visit their sister there, also as guest of Mr. Jay.

Due to the cold weather on Monday, the convalescent ward at CNH was not carried out. Instead, the patients will be called Tuesday, October 13th.

Mr. and Mrs. Walter Hallum of Cranston were in the district Sunday.

Mr. and Mrs. Conrad Glass of Cranston were Sedgewick visitors on Sunday.

Mr. and Mrs. Marie Keith and family were Sunday visitors with Mr. and Mrs. Gordon (M) at Wainwright.

Mr. Matt Kobas entered hospital on Monday to undergo surgery.

Mr. and Mrs. Loring Sater of Inuvik and George Chisholm attended the wedding Saturday at St. John's, Edmonton, since Mrs. Sater.

Mr. and Mrs. Ed Webb were weekend visitors with their sons and daughters-in-law and family.

Mr. and Mrs. Edward Webb and Mr. and Mrs. David Webb of Cranston. They also visited with Mr. and Mrs. John Pollock of Edmonton on Saturday.

Mr. Martin Schmitt returned to MacKenzie Island, N.W.T. to place, where he is employed with an oil company, after spending a vacation at his parental home.

Mr. and Mrs. J. Marchand and Suzanne of Inuvik visited with his parents, the R. Marchands, Mr. and Mrs. H. Weber.

Mr. Grant Davis of Wainwright and his family returned to Edmonton Sunday and brought Mr. and Mrs. H. H. Hester. They are having surgery at the hospital.

Prizes were awarded to the two best dressed, who were Yvonne Thompson and Catherine Anderson, of Cranston.

The judges for "Best Dressed" were Mrs. Sparrow and Mrs. Welch. The champion for the evening was Mr. and Mrs. Sparrow, Mr. and Mrs. Welch, Mr. Chugh and Mrs. Laves.

The party was enjoyed by all.

FASHIONS 1952. Yes, that was the year of femininity.

This nylon tricot gown had luxurious gold leaf appliques on the front bodice and the front of the skirt.

Notice the beaded gold cord and nylon tricot shoulder straps and the belt with a great knot. You must admit it's quite different today when you see female fashions on parade — TNS Photo

of a few "crackpots."

Maybe this is so, but it sounds a bit too easy. Politicians are always looking for crackpots for someone else to take the blame for their failures. Again they will probably succeed. But they should not.

So they started complaining about the Canadian constitution and they tried to work out formulas like the special status of the associated states

Then came Daniel Johnson and his slogan "Egalite ou Indifference?" "Equality or

mented a program on "Marine
 Museum." She gave an address
 on "The Marine Museum," the
 coast, dating back to 1882. The
 various methods of improve-
 ment of the coast were discussed,
 as well as the various ports of
 call and the means of reaching
 them.
 The minutes were approved
 and read. Two thanks were ex-
 pressed for the large amount of
 appreciation from the British and
 American consuls, and the com-
 mittee received a parcel of vol-
 ume stamps. A letter from the Can-
 ada Club was read, and the com-
 mittee informed as they are dis-
 continuing "Shoppers' Pair" and
 "Shoppers' Pair" and are now
 camping program which will
 require funds. A very interesting
 letter from the Canadian Club
 of Victoria was read, and the
 Foyle Petrosan of Athabasca.
 Twenty-seven home calls and
 a large number of letters were
 recorded as well as \$3 got vol-
 untarily, 5 baby and 3 sym-
 bolus were given to Mrs. L.
 Larson who has recently mar-
 ried.
 Used clothing will be accepted
 for the fall collection it will
 be held in the fall.
 The C. E. Committee are mak-
 ing for aid for the Swedish
 Club.
 Mrs. Humphreys, Mrs.
 Furder, Mrs. Wilson will be
 the committee for the Fall
 for the Flagstaff Pinner on

The Community Press

Established on July 10th, Nineteen Hundred and Eight
"Independent, But Not Necessarily Neutral, in The Public Service"

A Time of Sharing ...

December is a very busy time. Activities of all kinds abound, from the festive to the serious. Shopping also is at its highest peak as Christmas approaches.

One of the best ways to alleviate much of the hustle and bustle is to do your gift shopping early. Parcels for mailing purposes can be sent early and arrive in plenty of time for the festival.

Too often, people journey to the cities to do what is done there. The practice has many disadvantages.

Money spent out of the County deprives the whole area. The small town merchant pays taxes, wages and salaries, but does not contribute to the economy of this beautiful area. This sums

businessmen have carried local money on credit buying during the festive season of shopping and summer, and when the cash is available, they deserve your patronage.

The selection offered is, perhaps, not as complete as in the city, but there are no pushing crowds, no parking problems, no noise, and the smile of the clerk is far more friendly.

Personal service and satisfaction comes with dealing with area firms and tradesmen. They are always ready to serve you.

It is a known fact that the dollar spent locally travels through seven hands on the average. This way your dollar is working in seven areas to help our rural area to be a better place to live.

Safer Driving Week 1970

Safe Driving Week has become the focal point of traffic safety efforts in Canada. The encouraging results during the campaign show that it is possible to prevent accidents through the wise dissemination of public information and active participation by Canada's some 20,000,000 drivers.

During the campaign in 1969, there were 17,000 traffic deaths in the Dec. 1 to 7 period

compared to a weekly average of 20,000 for the rest of the year. The death toll during the week of the campaign have been consistently lower than the average weekly tolls for this time of year.

Safe Driving Week aims at bringing the enormity of the traffic accident problem to the attention of all Canadians and encourages concrete ways to prevent these accidents.

10 Hints To Safe Driving

1. Keep both hands firmly on the wheel—at ten and two o'clock—and both eyes on the road.
2. Never tailgate—allow at least one vehicle length for every ten miles per hour of speed.
3. On wet, snowy or icy roads, reduce speed well below posted speed limits, depending on the severity of conditions.
4. Always signal intentions—turns, lane changes, passing.
5. Curves require special attention—slow down before entering, then apply power to the wheels. Be alert for oncoming cars; they often cross the center line.
6. Never pass on hills or on curves. On straightaways, pass only when positive the way is clear.
7. Don't drive after heavy drinking. If you have been drinking moderately, allow one hour for each one-ounce drink or beer (12 ounces) consumed, before driving.
8. Keep the car in good operating condition, especially the brakes, tires, steering and front end suspension, front and rear lights, mirrors, turn signals, wipers, muffler and exhaust.
9. Always fasten safety belts and buckles during travel.
10. Drive defensively: "Recognize the hazard; understand the defences; act."

• MACDUFF REPORT

Parties Avoiding Principle

OTTAWA—Throughout the War Measures Act crisis, Canada's four national parties have acted as bystanders. Canadian leaders have been reluctant to take any action in the face of the crisis, and the result has been a series of compromises that have left the country in a state of confusion.

From the day the Act was invoked, Oct. 18, all four parties appear to have been more concerned about the reaction of the voters than with the principles that were involved in the removal of some two hundred civil liberties.

Liberal Members of Parliament, with one exception, blindy supported their leaders, even when the leaders were guilty of disgusting exaggeration and misstatement of fact.

Conservative MPs, split among themselves on the need for the War Measures Act, have been divided along the lines of the degree of trying to disagree with the government without disagreeing so strongly that they get them into trouble with the electorate.

The New Democratic Party always quick to take a moral position on issues, has dropped morally on this one.

When it came time to vote on the Public Order Act, a watershed date in the history of the War Measures Act, all four parties voted in support of the government.

At first they did not seem to be in a hurry to support the government, but when the time came to vote, they all did so without a dissenting voice.

Conservative MP David Macdonald, a United Church Minister from Prince Edward Island, voted against the government. He was the only MP to do so, and it was a surprise to many.

Macdonald's action was not as principled as it might seem. He was not a member of the party, and he was not a member of the United Church.

Macdonald's action was not as principled as it might seem. He was not a member of the party, and he was not a member of the United Church.

Macdonald's action was not as principled as it might seem. He was not a member of the party, and he was not a member of the United Church.

Macdonald's action was not as principled as it might seem. He was not a member of the party, and he was not a member of the United Church.

the backslider, Pierre De Marise, stood up against the government. He was the only MP to do so, and it was a surprise to many.

De Marise's action was not as principled as it might seem. He was not a member of the party, and he was not a member of the United Church.

De Marise's action was not as principled as it might seem. He was not a member of the party, and he was not a member of the United Church.

Heisler News Items

HEISLER—Mr. and Mrs. Bill Nordman celebrated their 50th wedding anniversary on Saturday, November 28th in the Heisler City Hall. The party was attended by a number of relatives and friends. The family presented them with a lovely cake. Everyone enjoyed a lovely time.

Mr. and Mrs. Joe Martz moved to Klamath on Sunday, November 29th. They are visiting their son, who is a patient in hospital. They also visited their grand-daughter, Mrs. Lloyd Bandy who had a lovely time.

Party Planned
The Klamath Royal Purple Lodge, secretary of all members of the lodge, is planning a party to be held on Thursday evening, December 3rd, at the home of Mr. and Mrs. Joe Martz. The party will be held at 8:00 p.m. and will feature a buffet dinner and a cash raffle. The proceeds of the raffle will be used for the purchase of a new cash register for the lodge.

Dayland's Chubling Club
The November 28th Dayland 114 Chubling Club held its 11th meeting in the Clubhouse. The meeting was held at 8:00 p.m. and featured a cash raffle and a cash raffle. The proceeds of the raffle will be used for the purchase of a new cash register for the club.

Strome News Items
The Strome family is planning a party to be held on Thursday evening, December 3rd, at the home of Mr. and Mrs. Joe Martz. The party will be held at 8:00 p.m. and will feature a buffet dinner and a cash raffle. The proceeds of the raffle will be used for the purchase of a new cash register for the family.

Water Well Drilling
The Water Well Drilling Company is planning a party to be held on Thursday evening, December 3rd, at the home of Mr. and Mrs. Joe Martz. The party will be held at 8:00 p.m. and will feature a buffet dinner and a cash raffle. The proceeds of the raffle will be used for the purchase of a new cash register for the company.

Mountain Hill Drilling
The Mountain Hill Drilling Company is planning a party to be held on Thursday evening, December 3rd, at the home of Mr. and Mrs. Joe Martz. The party will be held at 8:00 p.m. and will feature a buffet dinner and a cash raffle. The proceeds of the raffle will be used for the purchase of a new cash register for the company.

Revelstoke Building Materials
The Revelstoke Building Materials Company is planning a party to be held on Thursday evening, December 3rd, at the home of Mr. and Mrs. Joe Martz. The party will be held at 8:00 p.m. and will feature a buffet dinner and a cash raffle. The proceeds of the raffle will be used for the purchase of a new cash register for the company.

Barons Mark Fifty Years

FORMER STROME GIRL JOINS HOME EC. STAFF
C. J. Anderson, director of extension, Alberta Department of Agriculture has announced the appointment of four new members to the provincial home economics staff. They are Miss Victoria Pink, Miss Sharon McMillan, Miss Lynn Johnson and Miss Annette Trask. Following a period of staff training, they will be assigned to various locations throughout the province.

Miss Trask was raised on a mixed farm near Strome, Alberta. She attended school at Heather and took her Grade 12 at B. Joseph's High School, Edmonton. During her school years, Miss Trask was active in 4-H garden and clothing clubs and in 1967 was awarded an international exchange trip to the United States. She graduated from the University of Alberta with a B.Sc. in Household Economics.

HARDEST COLD LOOKS FORWARD TO GOOD YEAR
The Hardisty, Pipers & Sons Club looks forward to another season with its 120 children and young people registered in various classes on December 1. Approximately 25 of these children will be taking lessons from Miss Sarah Marshall, the professional skating teacher from Edmonton. Young people received their lessons last Thursday. The remainder of these classes will be receiving lessons from six very capable women members of the Club.

These instructors are Wendy Cunniff, a teacher from the area, and Mrs. Manning, a teacher from the area. These girls recently attended a National Coaching School at Waterville from which they obtained their Coaching School badges and qualifications. They are now National Coaching Coaches and Judges.

These girls recently attended a National Coaching School at Waterville from which they obtained their Coaching School badges and qualifications. They are now National Coaching Coaches and Judges.

Flagstaff Lodge
Get well wishes this week. The club will be holding a social on December 12, 1979. They made their home on the old basement place, which he later purchased to this, he acquired land south of Laugh. now, on the recreation line.

At the time of writing, the House of Commons is still in the midst of the debate on the Public Order Bill (Temporary Measures Act) which is designed to replace the War Measures Act presently in force.

The Progressive Conservative Party played a major role in the House some ten days ago. The House was then in session for a public review board to review from June 1978 to the present.

Jolly Old St. Nick Comes to the Area

St. Nick will be making several appearances in the communities along Highway 13 in the next few days.

The Communities Press board will be at the Killam-Strome Co-Op Store, Killam on Saturday afternoon for a visit with the young people from 7 to 14.

St. Nick also comes to Ensign, this Saturday afternoon.

Chamber Decides Not To Have 1971 Baby Contest

KILLAM - The Chamber of Commerce held its first meeting under a new executive on December 10 at 8 p.m. in the Killam Town Hall, with Adolph Schaeffer in the chair.

After the minutes of previous meetings were read and approved, Dick White, President of the Highway Association, presented a report on the activities of that Association, including a brief presentation to the Honourable Gordon Taylor.

The Chamber discussed the possibility of obtaining a TV booster for our area, and decided to write to CFAS (TVX) and Board of Broadcasters requesting that a TV booster be located here.

Following a Retail Committee report, which discussed the Christmas season, the Chamber discussed the possibility of obtaining a TV booster for our area, and decided to write to CFAS (TVX) and Board of Broadcasters requesting that a TV booster be located here.

Flagstaff District Council Meets

The Flagstaff District Council met on December 10 at 8 p.m. in the County Building at Lethbridge. The meeting was presided over by Mayor J. P. MacLean.

The minutes of the previous meeting were read and approved. The Mayor presented a report on the activities of the Council during the past month.

The Council discussed the possibility of obtaining a TV booster for our area, and decided to write to CFAS (TVX) and Board of Broadcasters requesting that a TV booster be located here.

B.C.H.L. Approves New Constitution

The Battle River Hockey League (B.R.H.L.) has approved a new constitution for the year 1970-71. The new constitution was adopted at a meeting held in the Battle River Community Centre.

The new constitution includes provisions for the election of players, the appointment of officials, and the establishment of a league fund.

The B.R.H.L. is a non-profit organization and its primary purpose is to promote and develop hockey in the Battle River area.

Christmas Legends With Animals

Christmas season folklore is fascinating. Whether true or not, these legends are memorable tales that have been passed down from generation to generation.

Some of the legends include the story of the reindeer, the story of the Christmas tree, and the story of the Christmas stocking.

ALBERTA IN ACTION INTRODUCING NEW METHODS

committees active

The Alberta farmer unable to make living on his land is no longer alone in his situation. Today, he can count on the assistance of the Alberta Department of Agriculture's farm consolidation program. Under the program, a farmer can appeal to one of the farm adjustment committees established in the province for help in making

The committee, made up of six local farmers and representatives from the provincial Departments of Agriculture, Lands and Forests, and Municipal Affairs, recommended that the government buy the land with the form of purchase of the land with the farmer moved to a more productive use or retained in a vacation use.

It may be recommended that the Department assist the farmer to enlarge his holdings to make them a productive unit. Purchased land, if suitable, may be made available to neighboring farmers or if sub-marginal it may be retained by the government for forestry or recreational purposes. Last year the farm consolidation program bought 362 parcels of land at a total cost of close to \$1 million. Of these 321 were retained for agricultural purposes and 41 were transferred to the Department for forestry or recreation and wildlife conservation.

How can a computer increase efficiency of Alberta's highway system? It can provide answers to problems of highway traffic congestion and dangerous drivers. Scanners and automated navigation, with computerized efficiency, and complete benefits for an

ment. The previous government's continuing inactivity in the areas of crime, law and public order and criminal proceedings has been a major cause of public anger. Management Director, "The Sunday Express," writes: "The government's failure to deal with the problems of crime and public order is part of the regular process of the government's ineptness. All government departments are equally inept, and the extent of the failure is only recently on record in the *Independent*." In 1985, 100,000 crimes are processed with government keeping a close watch on the situation. The largest number of crimes reported in 1985 were handled in the Atlantic South Coast Police Force. The Atlantic South Coast Police Force has 10,000 officers and 10,000 civilian staff. The Atlantic South Coast Police Force has 10,000 officers and 10,000 civilian staff. The Atlantic South Coast Police Force has 10,000 officers and 10,000 civilian staff.

The 120 000 square miles that make up northern Alberta, present special problems in the development of its potential. To measure these problems and to develop solutions, the provincial government approved the formation of the Northern Development Council in 1973. The Council's mandate is to identify and coordinate the various government departments and to facilitate contact with happenings and requirements of the area which lie north of the 56th parallel. The Council advises the provincial government on the needs for social and economic development, and on the allocation of funds for programs designed to fulfill the area's potential. The actual implementation of these projects is undertaken by the government departments to whom the plan is directed by the Council. During the last fiscal year, 1979-80, the Council has approved and is now funding 12 projects in agriculture, forestry, and land development, 12 in transportation, 12 in social and health services, 12 in education, 12 in economic development, and 12 in housing and community development.

Perhaps the biggest customer for manufacturers and suppliers through Alberta is the provincial government, which each year must guarantee numerous deliveries from power and construction units. A central committee maintained an informal buying list for the Purchasing Agency of the Provincial Treasurer's Department.

The agency used the right price commodity purchases by the new system, which permits suppliers to compete on orders. Quality of service, as well as price, are always carefully considered. If all there is to be said, preference is given to products that are made in Alberta. If price performance is given to Alberta manufacturers or suppliers. The method of buying permits the Purchasing Agency to make the best use of provincial funds and offers to its suppliers a fair opportunity to gain

Bookstore throughout Alberta soon be supplying a new publication, "Fishes of Alberta." It is a paperback and is three provinces in the series. The first two volumes of the series, all of which have been published by the Queen's Printer, are "Fishes of the Northwest Territories" and "Fishes of the Yukon." Produced at educational material, the books are made available to the public at approximately half the commercial price. In addition to the type of publication, the Queen's Printer also has for sale copies of and statistics placed on the Alberta website.

A plant now under construction in Alberta will be producing activated carbon from a recycling process developed by the Research Council of Alberta. The Council is now establishing pilot plants for production of this material, developing other carbon recycling facilities central to the Research Council's program of development. Alberta's natural resources and technical assistance to industry has resulted in a number of success production processes.

Perhaps the best known of these extraction methods used to separate oil from the Athabasca Oil Sands and the development of new gas from the low grade gas now deposited in the Peace River area. Through research on structure development, maintenance of the chemical, and technical assistance, the Research Council has been able to help the Alberta government and the Alberta Energy Development Corporation, the Research Council of Alberta contributes greatly to the efficient development and use of

Get Lit For Christmas ...

This is the season to be jolly, and people all over Canada are "lighting up" for the holiday season. Nothing could be more significant to the season than the radiant sparkle in one's eyes and it just wouldn't be Christmas without the blue, gold, red and green of outdoor decorations. This holiday visitors will feel the welcome in the brightly lit homes of the communities.

To encourage residents to decorate their homes, Killam and Hardisty have offered prizes for outdoor decorations. Mr. Killam, the Town Council have offered five prizes, and in Hardisty, the Elks and Town Council award prizes for homes judged as winners. These are worthwhile endeavours.

The offering of prizes will add incentive, but the spirit of the season should compel residents to light up for Christmas.

Toys - A Delight Or A Dancer

Toys are taken of love. It is fitting that they should be chosen with care. But children choose, and toys change and parents are often faced with confusing and glittering choices. It is important to buy toys that are of high quality and that will last.

Toys are often a part of a world of make believe, and so toys should be chosen with care. They should be appealing and should function properly.

Quantity is not a substitute for quality. It is better to buy carefully a few selected toys of high quality (not necessarily expensive) than a large lot of toys of low quality.

Above all, toys should be safe. A toy which can injure a child is a disaster. Again, common sense is vital. Some times, the dangerous qualities of toys are obvious at the time. To deal with this problem, the government has just issued the Hazardous Products (Toys) Regulations on the recommendation of the Federal Government.

MACDUFF REPORT

Trade Protection Bill Doomed

OTTAWA — Canadian and United States trade ministers met on Tuesday to discuss the trade protection bill. The bill was introduced by the Minister of Trade, Mr. John G. Diefenbaker, and is aimed at protecting Canadian industries from foreign competition.

The bill was passed by the House of Commons on Tuesday. It will give the government the power to restrict imports of goods that are considered to be a threat to the Canadian economy.

The bill is expected to be passed by the Senate in the near future. It is a significant step in the government's efforts to protect Canadian industries.

The bill is a response to the growing concern over the loss of jobs to foreign countries. It is a necessary measure to ensure the survival of Canadian industries.

The bill is a landmark piece of legislation. It will give the government the power to take action against foreign countries that are unfair to Canada.

The bill is a necessary measure to protect the Canadian economy. It is a response to the challenges posed by globalization.

The bill is a significant step in the government's trade policy. It is a commitment to the protection of Canadian industries.

To Reside At Daysland

A pretty winter wedding took place at the home of the bride, Mrs. John Macdonald, on Saturday, December 13, 1970.

The bride is the daughter of Mr. and Mrs. John Macdonald, and the groom is the son of Mr. and Mrs. John Macdonald.

The ceremony was performed by the Rev. Mr. Macdonald, and the reception was held at the home of the bride.

The couple will be residing at Daysland, a large, modern house in the heart of the city.

The wedding was a joyous occasion, and the couple was surrounded by family and friends.

The bride wore a beautiful white gown, and the groom wore a tuxedo.

The reception was held at the home of the bride, and the couple was honored by the guests.

The wedding was a memorable event, and the couple's love was evident to all.

The couple's future together is bright, and they are looking forward to many years of happiness.

The wedding was a beautiful celebration, and the couple's love was the center of it all.

ALBERTA IN ACTION

DEVELOPING POTENTIAL IN PEOPLE

Delinquency — a community affair

Community action in the form of preventing and reducing the number of delinquents in the province is the goal of the new Alberta Youth Council, which was established in 1969.

New pre-employment training centres

Pre-employment training centres are being established in the province to provide young people with the skills and experience needed to enter the workforce.

Probation offers better opportunity

Probation officers are providing a better opportunity for young people who are at risk of becoming delinquents, by offering them guidance and support.

Human rights rights protected

The Human Rights Commission is working to ensure that the rights of all Albertans are protected, and that no one is discriminated against on the basis of race, religion, or ethnicity.

HRDA acts in co-ordinating role

The Human Resources Development Act is playing a co-ordinating role in the province, ensuring that various government departments are working together to improve the lives of Albertans.

Assisted housing will be sought

The province is seeking to develop assisted housing for the elderly, to ensure that they have a safe and comfortable place to live in their old age.

All students receive the regular day

All students in the province are receiving the regular day of school, ensuring that they have access to education and learning opportunities.

Voluntary pre-employment program

A voluntary pre-employment program is being offered to young people, providing them with training and experience in various fields.

Should a person be held in custody

The question of whether a person should be held in custody is a complex one, and it requires careful consideration of the facts and circumstances.

Broad scope of community support

The community is providing a broad scope of support for its members, ensuring that everyone has access to the resources and services they need.

The community is a source of strength and support for all of its members.

Working together, we can make a difference in the lives of all Albertans.

Let's join together and make a difference.

Community action is the key to a better future.

Let's work together to make a difference.

HOCKEY TOURNAMENT FRIDAY, JANUARY 1

Oldtimer Passes

John Lohrey passed away at his home on December 15, 1970, at the age of 82 years, after a short illness.

Mr. Lohrey was born in St. Louis, Missouri, and was a member of the St. Louis Club. He was a well-known figure in the community and was loved by all who knew him.

He is survived by his wife, Mrs. Lohrey, and several children. The funeral will be held on Friday, January 1, 1971, at 10:00 a.m. at the St. Louis Church.

County

County Board met on Thursday, December 17, 1970, at 7:30 p.m. in the County Board Room. The meeting was presided over by Chairman R. Peterson.

The board discussed various matters including the budget, the county seal, and the appointment of county officers. The meeting adjourned at 9:00 p.m.

The 1971 Mini-Sno

A smaller machine at a smaller price.

The 1971 Mini-Sno is a compact, efficient snowblower that is perfect for residential use. It features a powerful engine and a wide clearing path, making it easy to clear your driveway and lawn.

Call R. Peterson & Son for more information. Phone 352-1234.

Heister News

Heister News is a weekly publication that provides news and information for the Heister community. It is published every Friday and is available to all residents.

The publication covers local news, sports, and community events. It is a valuable resource for staying up-to-date on what is happening in the area.

Heister Boys Win County of Flagstaff Basketball Trophy

The Heister Boys' Basketball Team has won the County of Flagstaff Basketball Trophy for the first time in many years. They defeated the top team in the county in a thrilling game.

The team's success is a testament to their hard work and dedication. They will represent the county in the state tournament.

Flagstaff Credit Union

Flagstaff Credit Union is a member-owned financial institution that provides a variety of services. We are committed to serving our members and the community.

Visit our website for more information on our services.

Established on July 16th, Nineteen Hundred and Eight
Independent, But Not Necessarily Neutral, in The Public Service"

A exact cartoon, sketched a while ago, memorably epitomizes the contemporary spirit. In it three wise men stand, incongruous figures, and a writer of modern snappers in a big deplandant tone. They are staring at a star marked "gift suggestions."

Technology keeps pulling our counters ever higher, but the rest with which we prepare for Christmas steadily diminishes; its value is empty, and its magic is covered under a tide of things.

Yet beauty and magic are still to be found and we can recover them if we look in the right places.

men best. Read them again and marvel that so much beauty and wisdom can be packed into so few words.

When we see their face value, we are rich enough, but if one probes, they are richer still. The Magi and the shepherds reveal the deep conviction of the early Christian community that in the Epiphany of Bethlehem, the King of the world had been revealed, and in the manger, the King of the world had been born.

They are hidden in the memories that crowd in as we write our hurried words of greeting. Terse as they are, affectionate thoughts leap the year and the miles to warm and revitalize us.

The small Arab city of Bethlehem, with a population of about 23,000 is, at this moment, in occupied territory, just as it was - under Roman rule - when Christ was born.

An Israeli military administration is in control and all the bitterness and tension which keep Arab and Jew hostile, seethe through it, just as they do through Jerusalem only five miles away.

One of the great joys of the Christmas season is the opportunity to send a special message to one's friends and co-workers. As another busy year draws to a close, we remember with gratitude and friendliness, our many readers.

The square has a symbolic context, for across from the church, a mosque thrusts its minaret imperiously into the December sky. A strange setting indeed, in which to celebrate the coming of the Prince of Peace.

Yet not so strange. Genuine
peace is no sentimental state of
quiescence; it must be won. The
birth of a Babe in a frame of

FRITZ and HERTA

Every Christmas candle
beams the light of the Star
that shone over Bethlehem the
night when Christ was born.
May the holy blessed meaning
of that Birth be reflected in
this Christmas season for you.

It is truly the season
to be jolly... and to deck
halls with boughs of holly
May your Holidays be filled
with joy and laughter,
warmth and friendship... go
times, and above all, good will

GREETINGS
FROM
CHRISTMAS

FRIENDS

GEWICK — ALBERTA

Side order of happiness!

The simple, delicious *chun fry!* A mouth-watering extra, adding enjoyment to any meal — or a late-night fun food snack! A potato is a natural plant, but the process of getting that potato from the original seed to your plate is a complex and costly one. The farmer has to find the best potato for his soil and weather conditions. He plants, irrigates and fertilizes. Then there's harvesting, marketing and distribution. A long involved process, similar in many ways to the complex procedures involved in harnessing the electricity you use to power your home running efficiently. Electricity is a "natural" too, but specialization and processes are needed for instant light. Electricity is still a "natural" best, but specialization and processes are needed for instant light. Electricity is still a "natural" best, but specialization and processes are needed for instant light. Electricity is still a "natural" best, but specialization and processes are needed for instant light.

Your Pontiac-Buick dealer is going all out to make up for lost time!

Left rear Pontiac Station Wagon. Center Pontiac C.T.7 Hardtop Coupe. Right rear Buick Custom Four-Door Hardtop. Foreground: Pontiac Partitions Brougham Hardtop Coupe.

If you're happy our '71s are rolling again, think of your Pontiac-Buick dealer. Happy? Just ask him!

So right now, your dealer's all set to make it really worth your while to come in and talk deal.

His salesmen, not having many '71 models to sell, have been selling used cars with great success.

What that means to you is a generous trade-in allowance and the earliest possible delivery of your new '71.

His 1971 Pontiac and Buick full-size models are now on the ground up. New suspension systems, new body, new frame, new everything—including new beauty, inside and out.

You'll find full-size Pontiacs and Buicks now come with power front disc brakes as standard equipment.

And they have a new roof design that allows for much more glass area all around. Greatly improving visibility.

Newness is everywhere. For instance, all '1971 engines have been designed to operate efficiently on the new no-lead, low-lead or regular gasoline. In addition to the lower exhaust emissions attainable with this engine/fuel combination, there are benefits in longer life for your spark plugs, exhaust system and other engine parts.

You'll discover again that the great news for 1971 is actually on value!

See your dealer today. Start making up for your lost time with a top deal on a new '71 Pontiac, Buick, or Acdian.

The sooner you order, the sooner you'll be driving it.

OLD-TIMER

THEY HANGED FOR BETTER OR WORSE. WE COULD HAVE HUNG EITHER. WE COULD HAVE HUNG EITHER. WE COULD HAVE HUNG EITHER.

Mr. & Mrs. Howard Stoner Wed. 50 YEARS

From the northern tip of Vancouver Island in British Columbia the Johnsons and Stoners and many old friends of 50 years ago gathered on December 28th, 1971 in Killam to wish Mr. and Mrs. Howard Stoner well in their 50th Anniversary.

Fortunate as it was on December 28th, when Mr. Stoner was 24 and Mrs. Stoner was 24, the couple were married in the small town of Port Alberni, B.C. by Rev. J. H. McPherson.

Mr. and Mrs. Howard Stoner were married in the small town of Port Alberni, B.C. by Rev. J. H. McPherson. They were married in the small town of Port Alberni, B.C. by Rev. J. H. McPherson.

SKI-DOO OUT-VALUES THEM ALL!

A capacity crowd of Knights and skiers gathered at the Skidoo Ski Shop for a "SKI-DOO" sale. The sale was held from 10 a.m. to 5 p.m. and featured a variety of Skidoo products at reduced prices. The sale was a great success and many customers took advantage of the opportunity to purchase Skidoo products at a discount.

The Skidoo Ski Shop is located at 1000 W. 1st St., Vancouver, B.C. and is the only Skidoo dealer in the area. The shop carries a full line of Skidoo products, including skis, ski boots, ski poles, and ski equipment. The shop is also a great place to purchase Skidoo clothing and accessories.

The Skidoo Ski Shop is a family-owned business and is dedicated to providing the best service and products to its customers. The shop is open from 10 a.m. to 5 p.m. every day and is a great place to purchase Skidoo products at a discount.

The sign of the Skidoo Ski Shop is a stylized "S" with the word "skidoo" written inside it. The sign is a great way to identify the shop and its products.

SKI-DOOS STILL AVAILABLE FROM YOUR LOCAL DEALER

For more information on the Skidoo sale, contact your local Skidoo dealer. The dealer will be able to provide you with the latest information on the sale and the products that are available.

Pretty Christmas Wedding

The bride and groom at their wedding ceremony. The bride is wearing a white dress and the groom is wearing a dark suit. They are both smiling at the camera.

A wedding of interest in recent days of the district was celebrated recently in St. Paul's Church, Kildare, Alta. The bride, Mrs. Robert M. Smith, was the daughter of Mr. and Mrs. James Lee of Laidlaw and the groom, Mr. Robert M. Smith, was the son of Mr. and Mrs. Robert M. Smith.

The wedding ceremony was held on Saturday, Jan. 27, at 10 a.m. and was officiated by Rev. J. H. Smith. The bride and groom were accompanied by their parents and a large number of guests. The ceremony was a beautiful one and the bride and groom were both very happy.

The bride is a beautiful young woman and the groom is a handsome young man. They are both very intelligent and hardworking. They are both very much in love and they are looking forward to a happy future together.

The wedding reception was held at the home of the bride's parents. There was a large number of guests and the reception was a very successful one. The bride and groom were both very happy and they are looking forward to a happy future together.

The bride and groom are both very much in love and they are looking forward to a happy future together. They are both very intelligent and hardworking. They are both very much in love and they are looking forward to a happy future together.

LETTER BOX
 Dear Friend:
 By the time you receive this letter, I shall have embarked on an extensive tour across Canada. I intend to visit as many of the cities and towns as I can, and to see as many of the people as I can. I am sure that you will be very interested to hear from me.

CARNIVAL BOWLERS — Queen Maureen presented trophies to the High Point getter, Ladies and Gent's, for bowlers during the Carnival. Mrs. Steve Portage obtained a score of 211 and Mrs. Florence Koe, top left, last left.

Sedgewick U.C.W. — The Sedgewick U.C.W. met on February 22 in the Church hall for a regular meeting. The president, Mrs. H. Armstrong, opened the meeting with a short reading "How Our Stars Fell at the Annual Meeting." Eleven members answered the roll call with a knuckle of wood Christmas cards. Miss Sue Swanson reported on the last meeting of the Flagstaff Auxiliary. Mrs. Art McCracken reported two boxes of clothing and quilts sent to Russia.

Some members plan to attend Coronation Presbytery, and Mrs. Kneeland is to be the voting delegate. It was decided to hold a St. Patrick's Day Tea, the proceeds to aid our Manse Fund. The ladies folded and addressed letters to the congregation while a newsletter from Bill and Phyllis Hinks (who are missionaries to Africa) was read aloud. Ten and seven served following adjournment. The March meeting will be held on the 14th and the roll call will be in the hall. Mrs. Patterson will show some of his excellent slides, following the meeting. Mrs. Clyde Clark left on Monday to visit her mother in Ontario. Mrs. Clark recently resigned from her position with the County of Flagstaff after many years service. She was a unit of house at a supper party, held recently by County staff when a presentation was made to her from the County.

HOLDS '72 HAND — Mrs. L. Kneeland was dealt a nice late winter "20" h a d in her playing cribbage last week. The Kneelands were playing with Mr. and Mrs. Eldon Perryer and Elton was dealing. Needless to say, the Kneelands won the game last.

Sedgewick Legion Reports — The regular meeting of Sedgewick Royal Canadian Legion 55 was held in the Legion hall on Tuesday, February 2nd with 19 members present.

Due to a lack of carter, an entry was made in Zone clearing. A risk committee of M. Robinson, C. Johnson, S. Humphrey and E. Bailey went to Dayland and took top prize.

Family circuit was discussed. It was decided to hold this event on March 10th if cutting ice is available.

The annual ham kluge was set for April 18th. A chili challenge will be held on Tuesday, Feb. 16th with 12 players from Caribou branch.

It has been noted that there is a need for blanchers at the Rec Centre. It was suggested that the Legion buy one this year. After much discussion, pro and con, it was decided that there would not be a purchase.

All Legion members who have not paid their dues are requested to do so and get their records.

Catherine E. Bratland was down for the January meeting and installed our new president Constance Robertson.

Sedgewick Miles Action — On Tuesday, Feb. 2nd, the Viking Times listed Sedgewick miles were defeated 2-1, Bill Simons and Perry Mayne scored for Sedgewick.

On Sat., Feb. 6th, the Kilham Miles were visitors, and Sedgewick won this game 2 to 1. Complete their League schedule undefeated. Chris Jackson, Gary Simpson and Bill Simons were the goal getters.

The Miles went to Viking on Saturday, Feb. 12th and played to a 1-1 victory. Sedgewick players were Gary Simpson, 3, Ron Thompson, 2, and singles to Charles Gagnon, Bill Simons and Chris Jackson.

South Hardisty — Relatives and friends of Mrs. Pat Kneeland and Mr. Dan Fraser gathered at the Bell Hill School last Saturday evening to help Pat and Dan celebrate their 7 birthdays. Many well wishers many more birthdays.

Mrs. Peterson and Jens from Sedgewick were Sunday dinner guests with Mr. and Mrs. Cliff Nately.

Mrs. and James Devereux and family visited with Mr. and Mrs. Dave Cragg and family last Sunday afternoon.

Congratulations go to Mrs. Nelson Kilger on visiting two turkeys in Hardisty Saturday evening at the Ham and Turkey Binge. Her sister Mrs. Lila Barnes was a ham.

Darcy Whitehead spent the weekend in Hardisty visiting his cousin Brian Adderley.

The regular card party held in the Battle Road School Saturday evening saw seven and three-quarter tables in play. Prizes were won by: First, Mrs. Mrs. Lew Duxon Cameron; Mystery, Mrs. Doris Carson; Arnold Varney, Lou Derksen; Leonard, Leonard Wale, Travelling, Mrs. Helen Sakak and Joe Cameron.

Sedgewick News

On Thursday, February 11th, Mr. and Mrs. George Weisman were guests at the opening of the Legislature and the reception which followed.

Mr. and Mrs. Ross Brown and Mrs. Scott of Hinton were visiting relatives and friends during the weekend. They also attended a family gathering at the home of Mr. and Mrs. J. Beaudin.

We notice Mrs. Iris Sevensen busy sitting at Mrs. Phyllis Lawson's in the absence of Mrs. Letard.

Jim Humphrey spent the weekend in Edmonton.

Mr. and Mrs. H. Beaudin were visitors with their daughter Janet and family in Calgary. Lorraine remained for a few days.

Sedgewick visitors during the weekend were Mr. and Mrs. Gary Richardson and family of Edmonton, Mrs. Nelson Bergman and Carol Ann of Edmonton, Mr. and Mrs. Scott Truett of Whitecourt, Mr. and Mrs. John Macdonald and family of Inuvik, Ken Ferns of Sunshine Village near Banff, Mr. and Mrs. John Macdonald and Mrs. Lenore Stue, mother of Harvey Stue, passed away at the home of Mrs. Lenore Stue on Saturday, February 13th.

Mr. and Mrs. Lenore Stue are visiting their daughter and family, Mr. and Mrs. Lyle Melt in Medicine Hat.

Mrs. and Mrs. G. Acheson of Inuvik visited with mother in P.E.A. in Kilham, also relatives.

Friends of Sedgewick recently visited with relatives there.

Mr. and Mrs. Lillian Kneeland and family of Vermilion visited with her parents, Mr. and Mrs. Norman Kneeland and family at the weekend.

Mr. and Mrs. Laddie Leeb and family of Edmonton visited their son and family, Mr. and Mrs. Paul Leeb and girls for the weekend.

The G. Brundaging rink took place in the arena. Ladies had a regular event and won 2nd in the First Eve. 1. George's rink, 2. Lorraine Hines, 3. Mary Kishner and Irene Hains.

David Hays of Six Mile, was down for the January meeting and installed our new president Constance Robertson.
